Suwanee, Georgia 30174

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an endorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

**This product is conditionally registered in accordance with
FIFRA sec. 3(c) (7) (A) since you have agreed to:**

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c) (5) when the Agency requires all registrants of similar products to submit such data.
2. Submit the data listed below, conducted in accordance with the Code of Federal Regulations (CFR) Section 158.340, Guidelines Reference No. 81-3, within one year from receipt of this notice:

Acute Inhalation Toxicity

We note your October 23, 1990 phone call confirming the start of this data.

3. Add the phrase, "EPA Registration No. 51793-113" to your label before you release your product for shipment.
4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

ELITE HORSE SPRAY & WIPE has been especially developed for use on horses. It provides a protective hair coating against flies while imparting a high sheen to the hair when brushed out. 1-2 ounces per head per day gives adequate protection. Apply by either soft cloth or fine mist spray. Do not wet horse's skin or exceed two ounces per application.

For initial treatment, apply daily for 2-3 days. As infestation subsides, repeat treatment every 7-14 days or as prescribed by a veterinarian. Also re apply every time animal is washed or exposed to heavy rain.

USE TO WIPE ON: First, brush animal to remove excess dirt and dust. Moisten (but do not wet to the point of dripping) a soft cloth and rub over the hair. It is best to apply by rubbing against the hair growth. Give special attention to the legs, shoulders, shanks, neck and facial areas where flies most often are seen. Only a light application is required. Avoid using an excessive amount on your horses. Do not wet skin. After application, brush thoroughly to bring out a bright sheen on the coat.

USE AS A SPRAY: Apply to face, legs, flanks, top line and other body areas commonly attacked by flies. Do not wet horse's skin or exceed two ounces per application. After application, brush thoroughly to bring out a bright sheen on the coat. Repeat treatment as needed.

USE AS A SPACE SPRAY IN STABLE AREAS: Spray in areas where insects congregate. Direct spray to contact insects for rapid knockdown and kill. Spray around outside of door facings and screens to render area unattractive to insects. This helps to repel insects and prevent entrance into building.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE AND SPILL PROCEDURES: Store upright at room temperatures. In case of spill or leakage, soak up with an absorbent material such as sand, sawdust, earth, fuller's earth, etc. Dispose of with chemical waste.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other State and local procedures.

505

CONTAINERS ONE GALLON AND SMALLER:

STORAGE: Store in original container inaccessible to children and pets.

DISPOSAL: Do not reuse container. Wrap and discard in trash.

PRECAUTIONARY STATEMENTS

CAUTION

Hazards to Humans and Domestic Animals

Harmful if absorbed through the skin. May cause eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling. Prolonged or frequent repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not apply directly to water. Do not apply where run-off is likely to occur. Do not contaminate water by disposing of equipment washwaters. Apply this product only as specified on this label.

PHYSICAL AND CHEMICAL HAZARDS

Do not use or store near heat or open flame.

Buyer assumes all risk of use, storage or handling of this product not in strict accordance with directions.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Do not induce vomiting unless directed by a physician. Petroleum distillate may cause aspiration. Contact a physician immediately.

If Inhaled: Remove victim to fresh air. Apply artificial respiration if indicated.

If In Eyes: Flush eyes with plenty of water. Contact a physician if irritation persists.

If On Skin: Remove contaminated clothing and wash affected areas with plenty of soap and water.
