51793-159
P. 10.0

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data or other material required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA sec. 4 when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phrase, "EPA Registration No. 51793-159."
 - b. Revise the claim ". . . provides up to four (4) weeks of control" to ". . . provides up to two (2) weeks of control" or submit efficacy data supporting the former claim.
 - c. Our records indicate the potential for phytotoxicity when the subject product is applied to the foliage of the more sensitive plants (i.e., ivy, philodendron, silver tree, etc.) listed on the label. You should demonstrate the safety of 2X applications of this product to certain sensitive plants or appropriate precautionary language should be placed on the label prohibiting use on certain species.

Helmut 4-3-91

- d. Add under Storage and Disposal:
"Do not contaminate water, food, or feed by storage or disposal."
- e. Under Disposal the statement should read:
"Replace cap and discard container in trash. Do not incinerate or puncture."
- f. Add the heading Physical and Chemical Hazards with the statement "Do not use or store near heat or open flame."
- g. How is this product to be sprayed? Is a spray head attachment sold with the product? If it is sold to the general public, a spray trigger attachment should accompany the product to prevent the layperson from using an unlabeled spray can to apply the product. If the product must be transferred to another container or equipment to be applied it should be limited to commercial use. Therefore, you have the option to label it "Recommended for Commercial/Industrial Use."

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
