NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Elite Aerosol Fire
Ant Killer - R59

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Elite Manufacturing & Packaging, Inc.
225F Horizon Drive
Suwanee, GA 30174

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) since you have agreed to:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling change listed below before you release the product for shipment:

a. Add the phrase, "EPA Registration No. 51793-163."

b. Add the statement "Causes moderate eye injury." to the Precautionary Statements after "Avoid breathing vapors or spray mist." Also add "or inhaled" to "Harmful if swallowed [or inhaled]."

c. Add an Environmental Hazards statement to the label as follows:

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other wildlife. Do not apply directly to water. Do not apply where runoff is likely to occur. Do not contaminate water by disposal of waste.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

TML 2/13/91

d. All products whose precautionary labeling appear on other than the front panel must bear the following referral statement "See side (back) panel for additional precautionary statements."

e. Add your company name and address after "Manufactured By."

3. Submit five copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

*Caution
moderate
eye
injury*

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

PHYSICAL HAZARDS

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

FOR OUTDOOR USE ONLY: For use in yards, parks, woodlands, playgrounds, golf courses, and other outdoor areas.

To Kill Fire Ants in Their Mounds: DO NOT DISTURB MOUND PRIOR TO TREATMENT. Attach injector rod to can and line up dot on valve cup with the injector rod to ensure complete evacuation of the can. While spraying, slowly drive rod into mound until resistance is met, which indicates the bottom of the nest has been reached. Spray for 5 seconds for each 6" diameter mound. For example, an 18" diameter mound would require three separate injections around the mound. All mounds in the vicinity should be treated. For best results treatment should be made in early morning or late evening when ants are least active.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry, place. Keep container closed.

DISPOSAL: Do not reuse empty container. Wrap container in several layers of newspaper and discard in trash.
