This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data or other material required for registration/reregistration of your product under FIFRA section 3(c)(5) and FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.

2. Add the phrase "EPA Registration No. 51793-170" to your label before you release the product for shipment.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DIRECTIONS FOR USE

It a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Fire Ant Drench: For use in lawns, gardens, grounds around buildings, fields, agricultural land, wasteland, golf courses, recreational areas, campgrounds.

For control of an individual fire ant mound measuring 2-9 inches (5-25 cm) high and 5-21 inches (12-60 cm) in diameter, mix 1 tablespoon, 1/2 ounce (14.6 ml) of Elite Rotenone Fire Ant Killer in 2 gallons of water (7.57 L) and thoroughly agitate until completely mixed.

ACCEPTED
with COMMENTS
in EPA Letter Dated

AUG 07 1992

Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

51793-170

Apply this mixture to the undisturbed mound by first using some on the dome to soften the crust. Then use some to completely soak the perimeter. The remainder should be poured from a height of about 3 ft (1m) so as to break into the dome and allow the mixture to flow into the underground ant tunnels. Repeat in 7-10 days or as necessary. For larger mounds, apply greater volumes of diluted material.

STORAGE AND DISPOSAL

Storage: For containers 1 gallon and under: Store in a locked storage area away from heat or open flame.

Pesticide Disposal: For containers over 1 gallon: Pesticide wastes are toxic. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environment Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: For containers 1 gallon and under: Do not reuse empty container. Wrap and put in trash. For containers over 1 gallon: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

PRECAUTIONARY STATEMENTS

WARNING

Hazards to Humans and Domestic Animals

May be fatal if swallowed. Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling and before eating or smoking.

STATEMENT OF PRACTICAL TREATMENT

If Swallowed: Call a physician or Poison Control Center. Do not induce vomiting. This product contains aromatic petroleum solvent. Aspiration may be a hazard.

If In Eyes: Flush with plenty of water. Get medical attention if irritation persists.

If On Skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes.

PHYSICAL AND CHEMICAL HAZARDS

FLAMMABLE: Do not use or store near heat or open flame. Flashpoint minimum 45 F (7 C).
