Subject: Label Amendment – to add new establishment number as per PR Notice 98-10
Product Name: Ozium Glyco-lized Air Sanitizer
EPA Registration Number: 51838-2
Application Date: April 6, 2015
Decision Number: 503254

Dear Ms. Moore:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. The next label printing of this product must use this labeling unless subsequent changes have been approved. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance

OZIUM®

AIR SANITIZER

ORIGINAL

REDUCES AIRBORNE BACTERIA!
ELIMINATES SMOKE AND OFFENSIVE MALODORS CAUSED BY AIRBORNE BACTERIA!

OZIUM® Glycol-ized Air Sanitizer is a product that sanitizes the air you breathe. It is clinically proven to eliminate odors, unlike current products that just mask odors. OZIUM® Glycol-ized Air Sanitizer combats airborne contaminants and eliminates odors with glycol-ized action... dispensing micron sized particles that linger in the air, attach to airborne bacteria and malodors to drastically reduce air pollution, purify and sanitize the air.

ELIMINATES MALODORS CAUSED BY AIRBORNE BACTERIA FROM:
mildew • sinks and drains • cars • bathrooms • automotive interiors • dining rooms • living rooms • kennels • mobile homes • campers • sick rooms • garbage • storage areas • offices • nurseries • locker rooms • garages • closets • hamper • game rooms • studios • cabins • workshop • suitcases • bars • after fire • gyms • boats

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling. Shake well. Spray for one second toward center of room away from drapes, walls, plastic, vinyl, painted or varnished surfaces, etc. to reduce airborne bacteria in an average size room (10' x 14' x 8'). Repeat application several times daily. Treat average size rooms twice with one-second sprays for smoke and malodor control caused by airborne bacteria.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS. DANGER: Corrosive. Causes irreversible eye damage. Do not get in eyes or on clothing. Wear protective eye wear (goggles, face shield, safety glasses). Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse. Keep out of reach of children and pets. **FIRST AID IF IN EYES:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses; if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. For Health Emergency: 877-675-7226 or +1-303-389-1638.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Have the product container or label with you when calling a poison control center or doctor, or going for treatment.

PHYSICAL OR CHEMICAL HAZARDS: Extremely Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures over 130°F may cause bursting. Do not spray on painted or lacquered surfaces.

INGREDIENTS: isopropyl alcohol, propellant, water, triethylene glycol, propylene glycol, fragrance.

STORAGE AND DISPOSAL: Not to be refilled. Wrap in newspaper and put in trash. **DO NOT PUNCTURE OR INCINERATE.**

ACTIVE INGREDIENTS
Triethylene Glycol 4.4%
Propylene Glycol 4.4%
INERT INGREDIENTS 91.2%
100%
