Subject: Label Amendment – Updating the Master Label
Product Name: Ozium Air Sanitizer
EPA Registration Number: 51838-2
Application Date: July 24, 2017
Decision Number: 532972

Dear Ms. Thomson:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

EPA Reg. No. 51838-2
Decision No. 532972

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. If you have any questions, you may contact Aline Heffernan at 703-347-8602 or via email at heffernan.aline@epa.gov.

Sincerely,

Zeno Bain, Product Manager 33

EPA Reg. No. 51838-2

EPA Est. No.

DIRECTIONS FOR USE: It is a violation of federal law to use this product in a manner inconsistent with its labeling.

Shake well. Spray for one second toward center of room away from drapes, walls, plastic, vinyl, painted or varnished surfaces, etc. to temporarily reduce airborne bacteria in an average size room (10' x 14' x 8'). Repeat application several times daily. Treat average size rooms twice with one second sprays for smoke and malodor control caused by airborne bacteria. Do not spray directly on people, pets, beverages, food preparation areas and painted or varnished surfaces. If droplets form on surfaces, wipe up immediately.

PRECAUTIONARY STATEMENTS: HAZARDS TO HUMANS AND DOMESTIC ANIMALS.

CAUTION: Causes mild eye irritation. Avoid contact with eyes or clothing. Wear protective eye wear (goggles, face shield, or safety glasses). Wash thoroughly with soap and water after handling or before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before use.

FIRST AID:

If in eyes, hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses; if present, after the first 5 minutes, then continue rinsing eye.

If on skin, take off contaminated clothing and rinse skin with plenty of water. Call a poison control center or doctor for treatment advice. Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

For Health Emergency:

1-877-675-7226 or 1-303-389-1658.

PHYSICAL OR CHEMICAL HAZARDS: Extremely Flammable. Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures over 130°F may cause bursting. Damage or staining may occur if sprayed on fabric, painted, plastic or lacquered surfaces.

INGREDIENTS: isopropyl alcohol, propellant, water, tri-ethylene glycol, propylene glycol, fragrance.

PESTICIDE STORAGE: Store in a dry, cool place. Keep away from heat, sparks and open flames.

PESTICIDE DISPOSAL: Pesticide wastes may be hazardous. Improper disposal of excess pesticide, spray mixture or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by

use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the nearest EPA Regional Office for guidance. DO NOT PUNCTURE OR INCINERATE.
