Subject: Labeling Notification per Pesticide Registration Notices (PRN) 98-10 and 2007-4 – Notification to add storage and disposal language and additional container sizes to the label. Some typos in the name of the product have been updated.
Product Name: CIDETRAK® DA MEC
EPA Registration Number: 51934-12
Application Date: 7/15/2020
OPP Decision Number: 564682

Dear Ms. Shultz:

The U.S. Environmental Protection Agency (EPA) is in receipt of your application for notification under Pesticide Registration Notices (PRN) 98-10 and 2007-4 for the above referenced product. The Biopesticides and Pollution Prevention Division (BPPD) has conducted a review of this request for its applicability under PRN 98-10 and 2007-4 and finds that the action requested falls within the scope of PRN 98-10 and 2007-4.

The labeling submitted with this application has been stamped “Notification” and will be placed in our records. You must submit one (1) copy of the final printed labeling with the modifications.

Should you wish to add/retain a reference to your company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA-approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance Assurance.

EPA Est. No.

NET CONTENTS: ~~8.12 fl. oz. (240 mL)~~ **[Fl. Oz./mL/Gals.] 4.06 fl. oz. (120 mL)**

~~16.23 fl. oz. (480 mL)~~

~~55 gallons~~

~~275 gallons~~

~~330 gallons~~

KEEP OUT OF REACH OF CHILDREN CAUTION

FIRST AID STATEMENT	
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF INHALED:	<ul style="list-style-type: none"> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.
IF IN EYES:	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. Call a poison control center or doctor for treatment advice.
IF SWALLOWED:	<ul style="list-style-type: none"> Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to by a poison control center or doctor. Do not give anything to an unconscious person.
HOT LINE NUMBER:	Have the product container or label with you when calling a poison control center or doctor or going for treatment. – For emergency information on (product, use, etc.), call the National Pesticides Information Center at 1-800-858-7378 , 8:00 AM to 12:00 PM Pacific time (PT), Monday-Friday. During other times, call the poison control center 1-800-222-1222 . For additional information, you may also contact Trécé Inc. at 1-866-785-1313 .

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Avoid contact with skin or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Wear the appropriate PPE. Remove and wash contaminated clothing before reuse.

PERSONAL PROTECTIVE EQUIPMENT (PPE)

Applicators and other handlers must wear:

- Long-sleeved shirt and long pants
- Chemical-resistant gloves made of any waterproof material such as nitrile rubber, butyl rubber, neoprene rubber, barrier laminate, polyethylene, polyvinyl chloride (PVC), or Viton.
- Shoes plus socks
- Protective eyewear

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables exist, use detergent and hot water. Keep and wash PPE separately from other laundry.

USER SAFETY RECOMMENDATIONS

Users should:

- Remove clothing/PPE immediately if pesticide gets underneath clothing. Then, shower cleaning skin thoroughly with soap and water and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves with soap and water before removing.
- Remove and wash contaminated clothing before reuse. As soon as possible, wash thoroughly and change into clean clothing.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwater or rinseate.

Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirement specific to your State and Tribe, consult the State/Tribal agency responsible for pesticide regulation.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE USING

~~DIRECTIONS FOR USE~~

~~It is a violation of Federal law to use this product in a manner inconsistent with its labeling.~~

~~READ ENTIRE LABEL BEFORE USING~~

AGRICULTURAL USE REQUIREMENTS

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries, and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protection equipment (PPE), notification to workers, and restricted-entry interval. The requirements in this box only apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted entry interval (REI) of 4 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water, is:

- Long-sleeved shirt and long pants
- Chemical-resistant gloves made of any waterproof material such as nitrile rubber, butyl rubber, neoprene rubber, barrier laminate, polyethylene, polyvinyl chloride (PVC), or Viton.
- Shoes plus socks
- Protective eyewear

CIDETRAK® DA MEC is enhancement for mixing with insecticides or Codling Moth pheromone formulations intended to be applied to apple, pear and walnut orchards for control of codling moth, *Cydia pomonella*.

Crop	Apple, Pear, Walnut, Pecan, Quince, and other pome fruits
Targeted Pest	Codling Moth (<i>Cydia pomonella</i>), Hickory Shuckworm (<i>Cydia caryana</i>).
Rate	Mix CIDETRAK® CIDETRAK® DA MEC with prescribed and/or lower label rates of a suitable insecticide or CM pheromone for control of codling moth, <i>Cydia pomonella</i> , only if such reduced rates of the insecticide or CM pheromone have been shown effective by industry, government and/or university scientists. Use CIDETRAK® DA MEC at a rate of 0.41-2.37 fl. oz./acre (12 to 70 mls/acre (0.6-3.5 gms acre)) or 1.01-5.92 fl. oz./hectare 30 to 175 mls/hectare (1.5-8.75 gms/hectare). Apply CIDETRAK® DA MEC usually at a rate of 0.41 fl. oz. (12 mls (0.6 gms)) per acre or 1.01 fl. oz. 30 mls (1.5 gms) per hectare in a mixture only, with a suitable, registered insecticide or CM pheromone and water. Do not exceed 8 applications of CIDETRAK® DA MEC at 0.41 fl. oz. (12 mls (0.6 gms)) product per acre or 1.01 fl. oz. (30 mls) per hectare per application or a total seasonal amount of 3.25 fl. oz. (96 mls or 4.8 gms a.i.) per acre or 8.12 fl. oz. (240 mls (12 gms a.i.)) per hectare.
Application	Apply the foregoing mixture in a full coverage spray, according to directions for use of the insecticide or pheromone. Coverage should be complete but do not allow “run-off.”
Monitoring/Timing	Always monitor for codling moth presence and phenology with PHEROCON® CM-DA COMBO + AA lures in CIDETRAK® DA MEC + insecticide or pheromone treated orchards. Time applications of CIDETRAK® DA MEC + insecticide or CM pheromone mixtures according to the directions of the manufacturer of the insecticide or CM pheromone with which CIDETRAK® DA MEC is mixed, local extension agents and other authorities. Repeat applications of CIDETRAK® DA MEC + insecticide or CM pheromone mixtures according to directions for insecticide.
Chemical Compatibility	Check physical compatibility of CIDETRAK® DA MEC + insecticide or CM pheromone formulations before mixing in spray tanks. No plant phytotoxicity has been observed with mixtures of CIDETRAK® DA MEC. But one may check plant phytotoxic response to mixtures of CIDETRAK® DA MEC + insecticide or CM pheromone formulations by treating 4-5 plants or small area of foliar surface of plantings with chosen mixtures. Observe the effect over 2 days.
Spray/Sprayer Preparation	Shake CIDETRAK® DA MEC vigorously before measuring for spray solution. Fill sprayer half full of water. Start physical or by-pass agitation on spray application equipment. Carefully measure and pour or place insecticide or CM pheromone formulation into the spray tank. Carefully measure and pour the required amount of CIDETRAK® DA MEC into the spray tank. Fill

spray tank to the required level and initiate application.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage: Store in a cool, dry place, out of direct sunlight, and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of the reach of children, preferably in a locked storage area.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL:

Nonrefillable container (equal to or less than 5 gallons): Do not reuse or refill this container. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with water and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Offer for recycling, if available or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration, or if allowed by State and local authorities, by burning. If burned, stay out of smoke.

Nonrefillable container [Greater Than 5 Gallons]: Do not reuse or refill this container. Offer for recycling, if available. Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times. Then offer for recycling, if available or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill or by incineration.

Refillable container [For Bulk and Mini-Bulk Containers, Greater than 5 Gallons]: Refill this container with pesticide only. Do not use this container for any other purpose. Cleaning the container before final disposal is the responsibility of the person disposing of the container. Cleaning before refilling is the responsibility of the person refilling. To clean container before final disposal, empty the remaining contents from this container into application equipment or mix tank. Fill the container about 10% full with water. Agitate vigorously or recirculate water with the pump for 2 minutes. Pour or pump rinsate into application equipment or rinsate collection system. Repeat this rinsing procedure two more times. Then offer for recycling, if available or puncture and dispose of in a sanitary landfill, or by incineration, or by other procedures allowed by State and local authorities.

WARRANTY AND LIMITATION OF DAMAGES

All statements concerning the use of this product apply only when used as directed as stated on this product label. Trécé Inc. warrants that the product conforms to this label and under normal conditions of use according to this label, is reasonably fit for the stated label purpose. To the extent consistent with applicable law, the manufacturer makes no express or implied warranties of merchantability or fitness for a purpose concerning this product, or its use, extending beyond the label. To the extent consistent with applicable law, under no circumstance will Trécé Inc. be liable for damage (special, consequential or incidental) that result from the handling, storage, or use of this product which is not in compliance with the label. Read all label directions carefully.

To the extent consistent with applicable law, buyer's exclusive remedy, should this product be defective, is replacement of the product, or if this is impracticable, a purchase price refund.
