

SKILCRAFT DISINFECTANT CLEANER S-39

SKILCRAFT S-39 is an industrial cleaner which disinfects as it cleans. It is especially designed for schools, non-medical institutions and industry. A single application removes dirt and grime, disinfects, is virucidal, fungicidal, and will prevent the growth of mold and mildew and their odors. When used as directed, the hard surface disinfecting action of **Skilcraft S-39** will reduce the hazard of cross-contamination.

Skilcraft S-39 is also an extremely effective one-step sanitizer for non-food contact surfaces. When used as directed, **Skilcraft S-39** will deodorize surfaces in toilet areas, behind and under sinks and counters, garbage cans and garbage storage areas, and other places where bacterial growth can cause mal odors.

Precautionary Statements
Hazards to Humans and domestic animals

DANGER

Keep out of reach of children. Corrosive. Causes eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

GENERAL CLASSIFICATION

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SKILCRAFT S-39 is a proven one-step disinfectant-cleaning sanitizer, fungicide, mildewstat, virucide, and deodorizer for moderate amounts of organic soil.

Apply **Skilcraft S-39** to walls, floors and other hard non-porous surfaces such as tables, chairs, countertops, sinks and bedframes with a cloth mop or mechanical spray device so as to thoroughly wet surfaces. For heavily soiled areas a preliminary cleaning is required. Prepare a fresh solution daily or when use solution becomes visibly dirty.

Disinfection: To disinfect hard non-porous surfaces add 2 oz. per gallon of water. Treated surfaces must remain wet for 10 minutes.

The activity of **Skilcraft S-39** has been evaluated in the presence of 5% serum by the AOAC use dilution test and found to be effective against a broad spectrum of gram negative and gram positive organisms as represented by:

- Escherichia coli
- Salmonella choleraesuis
- Staphylococcus aureus
- Streptococcus pyogenes
- Shigella flexneriens
- Salmonella typhi
- Klebsiella pneumoniae
- Salmonella schottmulleri
- Shigella dysenteriae
- Brevibacterium ammoniagenes

Fungicidal Performance: **Skilcraft S-39** is effective against Trichophyton mentagrophytes, the athlete's foot fungus, when used on surfaces in areas such as showers, locker rooms, and bath areas, exercise areas, dressing rooms, etc. at 2-7%.

Mold and Mildew Control: **Skilcraft S-39** will effectively inhibit the growth of mold and mildew and their odors. It is used by mops when applied to hard non-porous surfaces as indicated in general instructions above. A weekly application will prevent mildew growth returns.

Virucidal Performance: **Skilcraft S-39** was evaluated in the presence of 15% serum and found to be effective against influenza A, B and C, and poliovirus type 1.

Sanitizing Non Food Contact Surfaces (such as floors, walls, tables, etc.): At 2-7% use 2-4 oz. per gallon. **Skilcraft S-39** is an effective sanitizer against Staphylococcus aureus and Klebsiella pneumoniae in the presence of 15% serum on porous and non-porous environmental surfaces.
