BACK PANEL**Precautionary statements****HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

Harmful if swallowed, inhaled or absorbed through the skin; avoid breathing vapors. Avoid contact with skin, eyes or clothing. Do not smoke while using. Wash thoroughly after handling.

Wash contaminated clothing before re-use.

STATEMENT OF PRACTICAL TREATMENT

If swallowed, call a physician or Poison Control Center. Drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. If on skin, remove contaminated clothing and wash with plenty of soap and cold water. If in eyes, flush eyes with plenty of water for at least 15 minutes. Get medical attention if irritation persists. Avoid breathing spray, mist or vapors! Keep children and animals off treated areas until spray has dried.

APPLY THIS PRODUCT ONLY AS SPECIFIED ON THIS LABEL.

PHYSICAL OR CHEMICAL HAZARDS

Do not use, pour, spill or store near heat or open flame. Do not store under 32° F.

ENVIRONMENTAL HAZARDS:

This product is toxic to fish, birds, and other wildlife. Keep out of any body of water such as lakes, streams and ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not apply where run-off is likely to occur.

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Ioderm Brand Environmental Spray is a convenient and effective way to control fleas and ticks for as long as four weeks in the animal's indoor environment.

Ioderm Brand Environmental Spray comes ready-to-use. Simply adjust spray pattern by turning nozzle in either direction to obtain desired spray pattern. For indoor control, it is suggested that carpets, upholstered furniture, sleeping quarters and all areas of animals environment be spot treated. If infestation is severe, it is suggested that bedding be destroyed. Areas to be treated with **Ioderm Brand Environmental Spray** should be thoroughly wetted then allowed to dry before animal or human contact.

This container will treat approximately 400-500 sq. ft.

STORAGE & DISPOSAL

STORAGE: Do not contaminate water, food or feed by storage or disposal.

DISPOSAL: Do not re-use empty container. Re-seal container, wrap and put in trash collection.

NOTE TO PHYSICIAN: Active ingredient is a cholinesterase inhibitor.

Treat symptomatically. Atropine only by injection is an antidote.
