Fabrilife Chemicals, Inc.
4555 Lake Forest Drive, Suite 300
Cincinnati, OH 45242

Attention: N.C. Ertel

Gentlemen:

Subject: Fybrfluf G+
EPA Registration No. 52350-3
Your Application Dated August 9, 1988

The amendment referred to above, submitted in connection with the Federal Insecticide, Fungicide, and Rodenticide Act, is acceptable provided that you:

1. Make the labeling changes listed below before you release the product for shipment bearing the amended labeling.
 - a. Delete the statement "Corrosive. Causes eye damage and skin irritation" beneath the signal word "DANGER."
 - b. The disposal statement must read as follows:

STORAGE AND DISPOSAL

PROHIBITIONS

Do not contaminate water, food, or feed by storage or disposal. Open dumping is prohibited.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL

(For metal containers)

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities.

(For plastic containers)

Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other procedures approved by State and local authorities, by burning. If burned stay out of smoke.

The "STORAGE AND DISPOSAL" heading must be of the same type size as the child hazard warning statement.

- c. Include a precautionary statement to read:

Precautionary Statements
Hazards to Humans and Domestic Animals
DANGER

Keep Out of Reach of Children. Corrosive. Causes severe eye and skin damage. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield and rubber gloves when handling. Harmful if swallowed. Avoid contamination of food.

- d. Revise the term "First Aid" to "Statement of Practical Treatment."
- e. Under the "Directions for Use" heading, add the following misuse statement directly below to read:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

- e. Delete the last sentence from the "Note to Physician" section.
- f. Include the physician statement to read:

NOTE TO PHYSICIAN

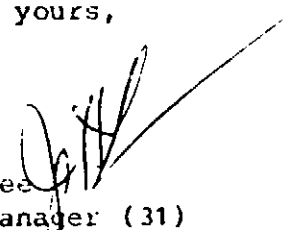

Probable mucosal damage may contraindicate the use of gastric lavage.

2. Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

A stamped copy of the labeling is enclosed for you records.

If you have any questions concerning this letter, please contact Martha DeLaney at (703) 557-6982.

Sincerely yours,

John H. Lee
Product Manager (31)

unconscious person. Call physician

Fabric treated as directed with FYBRFLUF G+ will develop residual bacteriostatic activity against gram positive (*S. aureus*) and gram negative (*K. pneumoniae*, aberrant) organisms under conditions of high relative humidity or wet contamination.

FYBRFLUF G+ inhibits the growth of ammonia producing organisms (*B. ammoniagenes*) which act on urine in diapers to produce ammonia.

FYBRFLUF G+ softens clothes, which helps prevent chafing. It will also reduce "static cling" in nylons and other synthetics. Improves ironing time.

DIRECTIONS FOR USE. Use 2 ounces of FYBRFLUF G+ per 100 pounds of laundry in the rinse cycle.

DISPOSAL: Rinse empty container thoroughly with water and discard it.

NOTICE: *Fabrilife Chemicals Inc. makes no warranty, express or implied, including the warranties of merchantability and/or fitness for any particular purpose, concerning this material, except those which are contained on Fabrilife's label.*
