NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Abram Pharmaceutical, Inc.
 P. O. Box 13588
 Research Triangle Park
 N. C. 27709

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others. This registration notice is being issued in accordance with Section 3(c)(7)(A) of the FIFRA subject to the following conditions:

(1) It is understood that you will submit and/or file all data required for registration or reregistration of your product under Section 3(c)(5) of the FIFRA when the Agency requires all registrants of similar products to submit such data.

(2) You will submit five copies of your finished printed labels complying with the requirements or provisions specified in the attachment to this registration notice. These labels must be submitted to the Agency before the product is released for shipment as required by PR Notice #2-2 of June 17, 1982.

A stamped copy of the draft label is enclosed for your records. Your release of the product for shipment constitutes acceptance of these conditions. If the conditions are not complied with, the registration will be subject to cancellation in accordance with Section 6(e) of the FIFRA.

 J. A. Castro, Jr.
 Product Manager #32
 Disinfectant Branch
 Registration Division (77-557)

EPA Registration No. ~~43351-8~~ 52779-14 Date Issued February 21, 1985

Company Name Abram Pharmaceutical, Inc.

Product Name Magna CP-1

The following requirements or revisions apply to the label which was accepted with this registration notice:

1. An edited copy of the proposed label is enclosed indicating the revisions which must be made to your label to satisfy our requirements.
2. The registration number which has been assigned to this product must appear on the label as EPA Reg. No. 43351-8.
3. Delete the words "General Classification" which appear under the use directions. Classification of this product has been deferred indefinitely.
4. The labels which will be used for this product in channels of trade must reflect these revisions.
5. Five copies of the finished printed labels, as defined in the A-79 enclosure, must be submitted to the Agency before the product is released for shipment to comply with PR Notice 82-2 of June 18, 1982.
6. The finished printed labels must comply with the general labeling requirements of Section 162.10 of Title 40 of the Code of Federal Regulations. If the label does not satisfy these requirements it will be rejected.
7. Any collateral literature proposed for this product must be submitted for approval before it is circulated in channels of trade.

MAGNA CP-1 is a multi-purpose disinfectant and detergent specifically designed to kill most common microorganisms in poultry and livestock premises. The disinfectant has been shown to have superior activities when tested in the laboratory and under field conditions. MAGNA CP-1 is effective at a dilution of 3.2 ounces to 5 gallons of water (1:200) and will kill Gram negative and Gram positive bacteria, fungi and mold on hard, non-porous, inanimate surfaces.

**Precautionary Statements
Hazard to Humans
and Domestic Animals**

DANGER

CORROSIVE: Causes eye and skin damage. Do not get in eyes, on skin or on clothing. Wear goggles and rubber gloves when handling. Avoid contamination of food or animal feed or drinking water. Harmful or fatal if swallowed.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not discharge into lakes, streams, ponds or public water, unless in accordance with NPDES permit. For guidance contact the regional office of EPA.

PHYSICAL AND CHEMICAL HAZARDS: Do not use or store near heat, fire or open flame. Keep container closed except when in use.

Storage and Disposal

- Do not contaminate water, food, or feed by storage or disposal.
- Do not store on side
- Avoid creasing or impacting of side walls.

PESTICIDE DISPOSAL

Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray or mixture of rinsate is a violation of Federal law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional office for guidance.

CONTAINER DISPOSAL

Triple rinse (or equivalent). Then offer for recycling or reconditioning or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

(If container is 1 gallon or less, use this container disposal statement.)

Do not reuse empty container (bottle, can, bucket). Wrap container and put in trash.

STATEMENT OF PRACTICAL TREATMENT

In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes. For eyes, call a physician. Remove and wash contaminated clothing before reweaving.

If swallowed, drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink a large quantity of water. Avoid alcohol. Call a physician immediately.

NOTE TO PHYSICIAN: Probable mucosal damage may contraindicate the use of gastric lavage. Measures against circulatory shock, respiratory depression, and convulsions may be needed.
