# MAGNA PHEN-100

Germicide and Detergent  
Multiple Phenolic Base

### Active Ingredients

o - Benzyl-p-chlorophenol, potassium salt	8.99%
p - tert-Amylphenol, potassium salt	7.30%
o - Phenylphenol, potassium salt	12.14%

### Inert Ingredients

71.57%  
100.00%

KEEP OUT OF REACH OF CHILDREN

## DANGER

### STATEMENT OF PRACTICAL TREATMENT

**IF SWALLOWED:** Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink a large quantity of water. Avoid alcohol and call a physician immediately.

**SKIN AND EYE CONTACT:** Flush with plenty of water for at least 15 minutes. Call a physician immediately. Remove and wash contaminated clothing before re-wearing.

**NOTE TO PHYSICIAN:** Measures against circulatory shock, respiratory depression, and convulsions may be needed. Probable mucosal damage may contraindicate the use of gastric lavage.

Biotechnology for the Future

MAGNA PHEN-100 is a multiple phenolic disinfectant containing a combination of phenolic compounds and detergents. It was developed especially for the control of microorganisms in the environment and on surfaces. The superior broad spectrum germicidal activities of the phenolic compounds provide an excellent cleaning and disinfectant product.

MAGNA PHEN-100 when diluted with water at 1:400 using the official AOAC Use Dilution test will kill Gram negative and Gram positive bacteria. The disinfectant will inhibit the growth of fungus and control the growth of mold and mildew and their odor when used as directed.

MAGNA PHEN-100 has high germicidal activity. It is also safer because it contains special chelating agents which are non-corrosive to metal surfaces and are safe for use on most surfaces.

**Precautionary Statements**  
**Hazard to Humans**  
**and Domestic Animals**

## DANGER

Keep out of reach of children. Causes irritation. Harmful or fatal if swallowed. Do not use on skin or on clothing. Wear goggles when handling. Avoid contamination of animal feed or drinking water.

**ENVIRONMENTAL HAZARDS:** This product is toxic to aquatic life. Do not get into lakes, streams, ponds or water unless in accordance with NPDES permit. Contact the regional office of EPA for more information.

**FLAMMABLE AND CHEMICAL HAZARDS:** Do not use near open flame or open flame. Keep container closed when in use.

### Storage and Disposal

Store in a cool, dry place. Do not store in direct sunlight. Do not store in areas where water could be spilled by storage or use. Do not store in areas where it could be damaged by impact of side walls.

### PESTICIDE DISPOSAL

This product is a hazardous waste. Improper disposal of this pesticide or any mixture of this pesticide with other pesticides is prohibited. Do not use for any other purpose than that for which it is intended. Contact your local or state environmental control agency for hazardous waste representative at the appropriate office for guidance.

### CONTAINER DISPOSAL

Do not reuse. Do not use for recycling or for other purposes. Do not puncture or dispose of in a sanitary landfill, or if allowed by state and local regulations, if burned, stay out of smoke.

BEST AVAILABLE COPY

**POULTRY**  
It is a violation of this act to use this product in poultry houses, hatcheries, and shoebaths.

**POULTRY HOUSES** including all other facilities  
**EQUIPMENT** including  
**VEHICLES** including delivery trucks and delivery vans and all other vehicles  
**HATCHERIES** including  
**SHOEBATHS** including

**APPLIED**  
**POULTRY HOUSES:**  
1. Remove all poultry from the house and drop all litter. Thoroughly clean with water.  
2. Use 1 ounce of MAGNA PHEN-100 to 400 parts of water to scrub all surfaces in the house, including water troughs, feed racks, and equipment used in the house.  
3. Thoroughly scrub all surfaces with water.

**FARM PREMISES:**  
1. Do not use in milk parlors, milking machines, and pens. Do not use on floors, walls, and fixtures occupied or used for milking.  
2. Use 1 ounce of MAGNA PHEN-100 to 400 parts of water to scrub all surfaces in the house, including water troughs, feed racks, and equipment used in the house.  
3. Thoroughly scrub all surfaces with water.  
4. Immerse all equipment used in the house in a solution of 1000 parts of water to 1 part of MAGNA PHEN-100. Do not use on floors, walls, or fixtures.

**EQUIPMENT:**  
1. Empty all troughs and clean thoroughly with water.  
2. Use 1 ounce of MAGNA PHEN-100 to 400 parts of water to scrub all surfaces exposed to water.  
3. Thoroughly scrub all surfaces with water.

**VEHICLES:**  
1. Clean all vehicles in and out of the house and MAGNA PHEN-100 solution.  
2. Use 1 ounce of MAGNA PHEN-100 to 400 parts of water to scrub all surfaces exposed to water.

**HATCHERIES:**  
1. First clean all surfaces with water.  
2. Use 1 ounce of MAGNA PHEN-100 to 400 parts of water to scrub all surfaces in the house, including delivery trucks and delivery vans and all other vehicles.  
**SHOEBATHS:**  
1. Scrub bath containing all entrances to the bath daily or more often.  
2. Use 1 ounce of MAGNA PHEN-100 to 400 parts of water to scrub all surfaces in the shoebath using MAGNA PHEN-100 solution.
