	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT	

NOTICE OF PESTICIDE: REGISTRATION REREГИSTRATION

(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended.)

NAME AND ADDRESS OF REGISTRANT (include ZIP code)

American Industrial Chemical Company
 2112 N. Westshore Boulevard
 Suite 40
 Tulsa, OK 74117

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. The registrant shall submit to the Administrator, within 90 days of the date of registration, a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant.
2. The registrant shall submit to the Administrator, within 90 days of the date of registration, a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant, and a copy of the labeling for the product, including the name and address of the registrant.
3. Subject to the provisions of the Act, the Administrator may, at any time, suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

**DIRECTIONS FOR USE
GENERAL CLASSIFICATION**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

American LC-618 is used to control bacteria and fungi in recirculating commercial and industrial air wash systems. To its use, systems must be cleaned to remove slimes, and other deposits. An initial slug addition of fluid ounces of American LC-618 of water to provide a concentration of 80 to American LC-618, based in the system, is recommended. Repeat initial dosage of Subsequent slug additions of 2.52 to American LC-618 per 1000 gallons of 200 parts per million of American LC-618

employed every 2 to 5 days, or as needed. The frequency of addition depends upon the relative amount of bleedoff and the severity of the bacterial problem. Slug additions should be made in the sump of American LC-618 is used to air-washing systems that maintain effective mist level. To its use, systems should be cleaned to remove deposits. An initial slug dose of 37.12 to American LC-618 per 1000 gallons of water should be employed each 1 to 2 days. Repeat initial dosage until control is evident. Subsequent slug additions of 25.31 to 62.44 fluid ounces of American LC-618 per 1000 gallons of water should be employed each 1 to 2 days. Frequency of addition depends upon the relative amount of bleedoff and the severity of the bacterial problem. Slug additions may be made in the sump or collection trays of the airwash system.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Do not stack more than four drums high. Leaking or damaged drums for disposal. Spills should be absorbed in sawdust or sand and container closed when not in use.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product should be disposed of by approved waste disposal facility.

CONTAINER DISPOSAL

PLASTIC: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or for sanitary landfill, by incineration, or, if allowed by state and local authorities, by other procedures approved by state and local authorities.

METAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or for sanitary landfill, or by other procedures approved by state and local authorities.
