

US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460	EPA REGISTRATION NO. 52974-6	DATE OF ISSUANCE MAR 12 1986
	TERM OF ISSUANCE	
NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input type="checkbox"/> REREГИSTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)		
NAME OF PESTICIDE PRODUCT Methyl 1,1,1-trichloro-2,2,2-trifluoroethane		

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

1. You are hereby conditionally registered in accordance with the Act and the Regulations thereunder.

1. Submit under oath all data required for registration under the Act and the Regulations thereunder when the Agency requires all registrants to submit product data.

2. Make the following changes to the label for this product for compliance:

- a. Add the phrase "EPA Registration No. 52974-6."
- b. Delete "GENERAL CLASSIFICATION" below the heading "Instructions for Use."
- c. The installation instructions do not appear to be appropriate for this container unit. Please assume yourself that these instructions are correct.

SIGNATURE OF APPROVING OFFICIAL

DATE

3. Submit the following test data and information:

- a. The test water characteristics must approximate those stated in the Interim Requirements:

pH--6 to 8
Hardness as CaCO₃--25 mg/L (ppm)
Alkalinity as CaCO₃--20 mg/L (ppm)
Total Dissolved Solids--10 to 40 mg/L (ppm)
Temperature--20 °C to 25 °C

Since silver release data were conducted with high TDS water at temperatures between 1 °C and 16 °C, silver release data may not be validated.

- b. Repeat silver release data on 50 percent of filter life following instructions in "Data Requirements" steps 1, 2, 3, and 4, and temperatures between 20 to 25 °C.
- c. Submit comparison of analytical methods "Inductively Coupled Argon Plasma (ICAP)" and "Atomic Absorption Method."
- d. Submit "ICAP" method for our evaluation or use "Atomic Absorption Method" for silver analysis in the effluent.

4. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(a). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

MODEL FC1000GX COUNTER TOP
BACTERIOSTATIC WATER FILTER

DIRECTIONS FOR USE
General Classification

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Once a unit has been installed as per instructions, it should be maintenance free and no filter cartridges to replace.

⋪ This unit has a capacity of up to 5000 gallons. It is capable of treating 4.5 gallons of cold tap water daily for a period of 36 months. Towards the end of the 36 months (3 years), you will notice a diminishing water flow. This will indicate the filter is nearing the end of its useful life.

⋪ This unit should be used with cold water only. The flow rate has been preset at the factory not to exceed 1 gallon per minute.

Installation Instructions:

1. Turn off water supply.
2. Place unit on water supply at the most convenient location. This is done by cutting the water line. (Note: Use tubing cutter.) Place one end of tubing through brass nut, slide brass ferrule over tubing. Place tubing in the end of unit, holding firm, secure nut on threaded end of unit.
3. Place free end of unit in bucket, turn on water supply, allow to run 5 gallons of water. Now turn off water supply.
- ⋪ 4. Place brass nut over supply line to appliance line, slide brass ferrule over tubing, place tubing into free end of filter. Secure nut and ferrule in place and tighten securely.
5. Check both nuts to make sure they are tight. This prevents any leaking.
6. Turn on water supply. Check for leaks.

MODEL PC1000GX COUNTER TOP
BACTERIOSTATIC WATER FILTER

A Bacteriostatic Water Filter is one which inhibits the growth of bacteria within the filter.

Drinking water can, by law, contain a number of harmless bacteria indigenous to municipally treated water.

Model PC1000GX Counter Top Bacteriostatic Water Filter uses micron filters and HYgene material in all filters. The HYgene material is an Environmental Protection Agency Registered Bacteriostatic Water Filter Medium. Technically, HYgene is a silver-impregnated granular activated carbon.

Model PC1000GX Counter Top Bacteriostatic Water Filter improves the water quality of ~~most~~ municipally treated water. It will remove the chlorine taste, odor, and color and thus provide you and your family with clear, good-tasting water for drinking or cooking.

Model PC1000GX Counter Top Bacteriostatic Water Filter takes only minutes to install. There are no filters to change.

We will be happy to have a Free home demonstration of Model PC1000GX Counter Top Bacteriostatic Water Filter in your home.

Write or call for a Free Demonstration.
