NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase, "EPA Registration No. 52991-3" to your label before you release the product for shipment.
3. Modify the Environmental Hazards statements on the label to read as follows.

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or public water unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

4. Modify the precautionary statements on the lable to read as follows.

Avoid contact with skin, eyes, or clothing. In case of contact flush with water. Get medical attention if irritation persists. Avoid breathing vapors or spray mist. Causes moderate eye injury. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

5. Modify the storage and disposal section on the label by doing the following.

a) Delete "of on-site" from the pesticide disposal section.

b) Move "Do not contaminate water, food or feed by storage and disposal." so that it is directly under the storage and disposal heading.

c) Add a container disposal section which addresses each type of container to be used. Please refer to PR Notice 83-3. Labels used in commerce need only have that container disposal language applicable to the container being labeled.

6. Submit an acute inhalation study on this product per 40 CFR 158.690, Guideline Reference No. 152-12.

7. Submit five (5) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Phil Hutton
Product Manager 18
