III. Additional data are needed concerning:

- A. Guideline 151-11 - Manufacturing Process
1. The source and purity of the starting materials.
 2. Discussion on the formation of unintentional ingredients associated with the manufacturing-use product.
- B. Guideline 151-13 - Analysis of Samples
Any lot whose analyses falls outside the certified limits specified in the current CSF. If this occurs, you must submit the data from the deviant batch and a new CSF for review.
- C. Guideline 151-17 - Physical and Chemical Properties
1. Stability
 2. Storage stability
 3. Viscosity
 4. Corrosion characteristics

The Agency has determined that these outstanding data do not necessitate a delay in the registration of the product Bedoukian Tufted Apple Bud Moth Technical Pheromone. All required data are due to the Agency within one year from the date of conditional registration unless otherwise stated. All submitted data must be in PR Notice 86-5 format and will be evaluated and compared to previously submitted data as received.

IV. A copy of the stamped label with comments is provided for your records. Submit three copies of the revised final printed label for the Agency's record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

Furthermore, this registration is being granted before the expiration of the comment period provided for in section 3(c)(4) of FIFRA, on the express condition that EPA shall have the right to modify the terms and conditions of this registration, or cancel this registration, by order and without hearing if comments submitted before the expiration of the comment period convince the Agency that the registration as issued may not meet the requirements of section 3(c)(5) of FIFRA and that modification of the terms and conditions of this registration or cancellation of this registration is appropriate. Any such modification or cancellation shall become immediately effective upon notification to the registrant.
