

CRACK AND CREVICE TREATMENT

FOOD AND FEED HANDLING ESTABLISHMENTS - Places other than private residences in which exposed food or feed is fed, processed, prepared or served.

FOOD AREA APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY

Includes areas for receiving, storing, packing, canning, bottling, wrapping, bottling, preparing, edible waste storage and enclosed processing systems such as mills, dairies, bakeries, restaurants or any other food or feed is stored, processed, prepared or served. Servicing areas (when food is exposed and facility is in operation) also would be considered a food area.

Apply in small amounts directly into cracks and crevices using a bulbous duster or other suitable equipment capable of applying insecticide directly into cracks and crevices in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housing and electrical switch boxes where cockroaches hide.

Care should be taken to avoid depositing the product onto exposed food and feed processing, preparation and serving surfaces or introducing the material into the air. Avoid contamination of food or feed processing surfaces.

APPLICATIONS OF THIS PRODUCT IN THE FOOD AND FEED AREAS OF FOOD HANDLING ESTABLISHMENTS, OTHER THAN AS A CRACK AND CREVICE TREATMENT, ARE NOT PERMITTED.

SERVING AREAS - Facilities where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held.

Apply as a spot treatment to select surfaces such as baseboards, under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed.)

NON-FOOD AREAS - Includes garbage rooms, lavatories, floor drains (to sewer entries and vestibules), offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Apply to baseboard areas around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

BUG OUT

Non-staining, odorless
ROACH KILLER

Long-lasting control of water
bugs, ants, silverfish and several
other household insects

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To control cockroaches, ants and silverfish, apply liberally, scattering under and behind refrigerator, stove, sink, dishwasher, washing machine and dryer, tubs, into openings around drains, sewers, manholes, water pipes and electrical conduits, in cracks and crevices along baseboards and in corners of cabinets, cupboards, and closets. Remove all lower drawers in kitchen and bathroom cabinets, bedroom dressers and chests of drawers, then scatter liberally in drawer wells.

Reapply as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs.

Directions for Applying in New Construction to Control Cockroaches - When treating large areas such as wall voids, soffit and subcabinet voids in new and existing construction, dust liberally using dusting application equipment.

Directions for Applying as a Mop Solution to Control Cockroaches - add 1/2 lb. of powder to each gallon of rinse water. Apply to floor areas only. Make only enough for each application.

Directions for applying in Sewers to Control Cockroaches - Apply 1 lb. of product in sewer using dusting application equipment.

This product may be used in homes, restaurants and other food and feed handling establishments, markets, schools, warehouses, factories, offices, hotels, motels, hospitals, nursing homes, garages, grocery stores, apartment buildings, new construction, industrial plants, theatres, ships, boats, trains, trucks, yachts, camps, mobile homes, buses, zoos, kennels, military bases, libraries, utilities and sewers.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. May cause eye irritation. Avoid eye contact. Wash thoroughly after handling.

DISPOSAL

Do not reuse empty container. Wrap and place in trash collection.
