JUN 27 1991

53219-5  
TERM OF ISSUANCE

Conditional  
NAME OF PESTICIDE PRODUCT

Mycogen Sharpshooter herbicide Concentrate

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Mycogen Corporation  
5451 Oberlin Drive  
San Diego, CA 92121

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Make the labeling changes listed below before you release the product for shipment:
  - a. Add the phrase, "EPA Registration No. 53219-5."
  - b. Due to a new EPA policy, replace the statement under **ENVIRONMENTAL HAZARD** with the following statement: "Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark."
3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

### DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling. Read the entire label before using product.

**IMPORTANT:** SharpShooter is a general contact herbicide and will damage or destroy all vegetation which it contacts. Avoid overspray or spray drift onto desirable lawn grass, flowers, shrubs, or trees. Keep people and pets off treated areas until dry to avoid product transfer to desirable vegetation. Herbicidal action is rapid with effects visible within hours. For most rapid kill, apply in warm, dry weather. May cause white coloring on some types of brickwork or concrete. Color will wear off after a few weeks.

SHAKE CONCENTRATE WELL and dilute as indicated below for spot treatment of weeds.

**Rates:** *Young annual weeds (3-5 leaves)* - Mix 1 part concentrate with 5 parts water (about 5 1/2 oz. per quart). *Weed suppression or top kill of older annual or perennial weeds* - Mix 1 part concentrate with 2 parts water (about 11 oz. per quart). SHAKE DILUTED PRODUCT WELL. If leftover diluted product is allowed to stand for more than 30 minutes, agitate sprayer before use.

**Use:** Use freshly diluted spray for spot treatment of weeds. Ensure thorough wetting (avoid run-off) and complete coverage of all unwanted vegetation. Do not apply during windy conditions that will carry spray to desired vegetation.

**NOTE:** Only those plant parts directly contacted by the herbicide spray will be damaged.

**Equipment:** The diluted product may be applied using any spray bottle, hand-held or knapsack type sprayer which provides thorough wetting and complete coverage of vegetation. Do not apply using hose-end sprayers.

**Weeds:** This product will control most young, succulent, and actively growing weeds (less than 5' high). Several treatments may be necessary to control established weeds. Maturing (flowering), or woody weeds are less susceptible and may not be killed. This product may not kill all perennial weeds but will result in top kill and suppression. Weeds and grasses emerging after application, and regrowth from perennial weeds after top kill, will not be controlled without reapplication. This product is non-selective and non-residual. For weeds in lawns and flower gardens, shield lawn grass and desired plants carefully to avoid damage. This product will not move through soil to injure nearby plants.

### PRECAUTIONARY STATEMENTS

#### WARNING

**Hazards to Humans and Domestic Animals:** Causes eye and skin irritation. Do not get in eyes, on skin or on clothing. In case of contact, immediately flush eyes or skin with plenty of water for 15 minutes. Get medical attention if irritation persists. Avoid breathing spray mist. If swallowed, stomach and intestinal irritation may occur.

**First Aid:** If in eyes or on skin, immediately flush with plenty of water for 15 minutes. If swallowed, drink 1 or 2 glasses of water. Do not induce vomiting.

**Environmental Hazards:** Do not apply directly to water or wetlands. Do not contaminate water by cleaning of equipment or disposal of wastes.

*Always  
do not  
add herbicide*

For emergency medical information, call toll free 1-800-228-5635.

### STORAGE AND DISPOSAL

Do not contaminate water, feed or foodstuff by storage or disposal.

**Storage:** Keep container tightly sealed when not in use. Store only in original container, in a dry place, inaccessible to children and pets.

**Pesticide Disposal:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**Container Disposal:** Do not reuse empty container. Triple rinse, then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

### LIMIT OF WARRANTY AND LIABILITY

This product conforms to the description on this label and is reasonably fit for the purpose set forth on this label when used according to the label directions and under the specified label conditions. THE MANUFACTURER DISCLAIMS ANY AND ALL OTHER EXPRESS OR IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR PARTICULAR PURPOSE. Buyer and all users assume all risks and responsibility for loss or damage if this product is used, stored, handled or applied under any condition not reasonably foreseeable or beyond the manufacturer's control, or not as explicitly set forth in this label. THE LIMIT OF THE MANUFACTURER'S LIABILITY SHALL BE THE PURCHASE PRICE FOR THE QUANTITY INVOLVED. IN NO EVENT SHALL THE MANUFACTURER BE LIABLE FOR SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES.
