

53754-1, 1-13-86

US ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (TS-767) WASHINGTON, DC 20460	EPA REGISTRATION NO. 53254-1	DATE OF ISSUANCE 1-13-86
	TERM OF ISSUANCE	
	NAME OF PESTICIDE PRODUCT Trichlorocyanuric Acid (Trichloro-s-triazinetriene)	

NOTICE OF PESTICIDE: ☒ REGISTRATION ☐ REREGISTRATION
(Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

3-V Chemical Corporation
4 Woodlawn Green
Charlotte, NC 28210

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

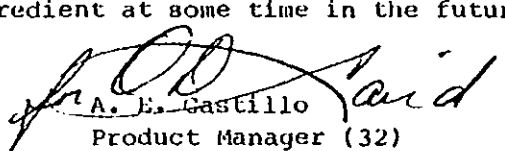

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with the provisions of section 3(c)(7)(A) of the Act, since you have agreed that you will submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5), when the Agency requires all registrants of similar products to submit such data. If these conditions are not complied with, the registration will be subject to cancellation in accordance with section 6(e) of the Act.

This registration is being issued with the understanding that the derivative of cyanuric acid which is contained in this product is under scrutiny for potential adverse effects to humans. There may be some regulatory actions directed against all registered products containing this chemical as an active ingredient at some time in the future.

A. E. Castillo

PRECAUTIONARY STATEMENTS

Hazard To Humans and domestic animals. Danger: Highly corrosive. Causes irreversible eye damage and burns to skin. May be fatal if swallowed. Will burn with the evolution of chlorine and equally toxic gases.

Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust or fumes. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge into lakes, streams, ponds, or public waters unless in accordance with an NPDES Permit. For guidance contact the Regional office of EPA.

PHYSICAL AND CHEMICAL HAZARDS

Strong Oxidizing Agent: Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product. Such use may cause a violent reaction leading to a fire or explosion.

Will burn with the evolution of chlorine and equally toxic gases. Contact with water slowly liberates irritating and hazardous chlorine containing gases. Decomposes at 460°F to 480° with liberation of harmful gases.

Contamination with moisture, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of hazardous gases, and possible generation of fire and explosion.

In Case of Fire, if possible isolate container in open air or well ventilated area. Flood with large volume of water.

In Case of Contamination or Decomposition, do not reseal container.

FIRST AID (PRACTICAL TREATMENT)

If on Skin, immediately brush off excess chemical and flush skin with cold water for at least 15 minutes. If irritation persists, get medical attention.

If in Eyes, flush with cold water for at least 15 minutes. Get medical attention.

If Swallowed, promptly drink a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Note to physician: Probable mucosal damage may contraindicate the use of gastric lavage.

If Inhaled, remove person to fresh air. Call a physician.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Industrial Use Only. For repacking or formulating as a disinfectant, sanitizer, bactericide, fungicide or algicide. Repackagers or formulators must obtain their own EPA Registration Number to legally market this product for these uses.

STORAGE AND DISPOSAL

Storage: Keep container tightly closed. Store in a dry place. Do not allow water to get into container.

Disposal: Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal law. If in doubt regarding disposal, contact the State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA regional office for guidance.

Container Disposal: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. Rinse empty container with water, and dispose of in the same manner.
