UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

DEC 22 2003

Mr. John Schroer
3V Inc.
P.O. Box 2810
Georgetown, S.C. 29442

Subject: Oxidan TCA
EPA Registration Number 53254-1
Application Date: 10/17/03
Receipt Date: 10/20/03

Dear Mr. Schroer:

The following amendment, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable with the conditions listed below:

- To update the "first aid" statement in accordance with PR Notice 2001-1

Conditions

- On front panel delete "CAS No. 87-90-1" it has no relevance to the label.
- In the "Ingredient" Statement delete "and related isocyanurates".
- Delete the "!" after the signal word "DANGER".
- Under the "First Aid" Statement delete the word "Antimicrobial".

Comments

A stamped copy of the accepted labeling is enclosed. Submit three (3) copies of your final printed labeling before distributing or selling the product bearing the revised labeling.

PRECAUTIONARY STATEMENTS

HAZARD TO HUMANS AND DOMESTIC ANIMALS

Danger. Corrosive. Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get into eyes, on skin, or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS

Strong Oxidizing Agent: Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product since this may cause a violent reaction leading to fire or explosion. Will burn with the evolution of chlorine and equally toxic gases. Contact with water, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of irritating, hazardous gases, and possible generation of fire and explosion. Decomposes at 460° F to 480° F with liberation of harmful gases.

In case of fire, if possible, isolate container in open air or well ventilated area. Flood with large volume of water.

In case of contamination or decomposition, do not reseal container.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is intended for Industrial Use Only. For formulation or repackaging into end-use products intended for use as a disinfectant, sanitizer, bactericide, fungicide or algicide. Formulators and repackagers using this product are responsible for obtaining EPA registration of their formulated or repackaged products.

STORAGE AND PESTICIDE DISPOSAL

Storage: Keep container tightly closed. Store in a dry place. Do not allow water to get into container.

Pesticide Disposal: Pesticide wastes are acutely hazardous and must be disposed in accordance with applicable Federal and State regulations. Improper disposal of excess pesticide, spray mixture, or residue constitutes a violation of Federal law. If these wastes cannot be disposed of according to the label instructions, contact your State Pesticide, Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. If drum is contaminated and cannot be reused, dispose of drum in the same manner.
