## PRECAUTIONARY STATEMENTS

### HAZARD TO HUMANS AND DOMESTIC ANIMALS

Corrosive: Causes irreversible eye damage. May be fatal if inhaled. Harmful if swallowed or absorbed through skin. Do not get in eyes, on skin, or on clothing. Do not breathe dust, vapor or spray mist. Wear goggles, face shield or safety glasses. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

### ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

### PHYSICAL AND CHEMICAL HAZARDS

**Strong Oxidizing Agent:** Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product since this may cause a violent reaction leading to fire or explosion. Will burn with the evolution of chlorine and equally toxic gases. Contact with water, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of irritating, hazardous gases, and possible generation of fire and explosion. Decomposes at 460° F to 480° F with liberation of harmful gases. **In case of fire**, if possible, isolate container in open air or well ventilated area. Flood with large volume of water.

**In case of contamination or decomposition**, do not reseal container.

### DIRECTION FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is intended for **Industrial Use**. For formulation or repackaging into antimicrobial products for use in commercial and residential applications. Formulators and repackagers using this product are responsible for obtaining EPA registration of their formulated or repackaged products.

### STORAGE AND DISPOSAL

**Do not contaminate water, food or feed by storage and disposal.**

**Pesticide Storage:** Keep container tightly closed. Store in a dry place. Do not allow water to get into container. Do not store with easily oxidizable materials, acids, or reducers. In case of spill, isolate container (if possible) and flood area with large amounts of water to dissolve all material before discarding this container in trash. **Emergency Handling:** In case of contamination or decomposition, do not reseal container. Isolate in open, well ventilated area. Flood with large volume of water. Cool unopened drums in vicinity with water spray.

**Pesticide Disposal:** Pesticide wastes resulting from use of this product may be disposed of on-site or at an approved waste disposal facility as per label instructions. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste Representative at the EPA Regional Office for guidance..

**Container Handling and Disposal:** For supersacks - Non-refillable container. Do not reuse or refill this container. Completely empty bag into application equipment. Offer for recycling if available, or dispose of in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay away from smoke. For drums - Non-refillable container. Do not reuse or refill this container. Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Offer for recycling if available, or dispose of liner in a sanitary landfill, or by incineration, or if allowed by state and local authorities, by burning. If burned, stay away from smoke. If drum is contaminated and cannot be reused, dispose of it in the manner required for its liner. PR Notice 2007-4 changes.
