<p>U.S. ENVIRONMENTAL PROTECTION AGENCY OFFICE OF PESTICIDES PROGRAMS REGISTRATION DIVISION (75-767) WASHINGTON, DC 20460</p> <p>NOTICE OF PESTICIDE: <input type="checkbox"/> REGISTRATION <input checked="" type="checkbox"/> REREGISTRATION (Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended)</p>	<table border="1"><tr><td data-bbox="953 65 1306 134">EPA REGISTRATION NO. 53254-5</td><td data-bbox="1306 65 1650 134">DATE OF ISSUANCE SEP 14 1964</td></tr><tr><td colspan="2" data-bbox="953 134 1650 195">TERM OF ISSUANCE</td></tr><tr><td colspan="2" data-bbox="953 195 1650 334">NAME OF PESTICIDE PRODUCT  Oxidan TCA Sticks</td></tr></table>	EPA REGISTRATION NO. 53254-5	DATE OF ISSUANCE SEP 14 1964	TERM OF ISSUANCE		NAME OF PESTICIDE PRODUCT  Oxidan TCA Sticks	
EPA REGISTRATION NO. 53254-5	DATE OF ISSUANCE SEP 14 1964						
TERM OF ISSUANCE							
NAME OF PESTICIDE PRODUCT  Oxidan TCA Sticks							
NAME AND ADDRESS OF REGISTRANT (Include ZIP code)  3V, Inc. P.O. Drawer Y Georgetown, SC 29442							
<p>NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.</p>							
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p> <p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p> <p>Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>Based on your response to the Reregistration Eligibility Document, EPA has reregistered the above named product subject to the comments recorded in the succeeding paragraph. This action is taken under the authority of section 4(g)(2)(C) of the Federal Insecticide, Fungicide, and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.</p> <p>Make the following labeling changes before you release the product for shipment:</p> <ol style="list-style-type: none"><li>1. Revise the precautionary and practical treatment statements in your labeling in accordance with the enclosed Attachment A.</li><li>2. Delete "and related isocyanurates" from the Active Ingredient statement.</li><li>3. Include "This pesticide is toxic to fish and other aquatic organisms." as the first sentence under Environmental Hazards.</li></ol> <p><input type="checkbox"/> ATTACHMENT A APPLICABLE</p> <p>SIGNATURE OF APPROVING OFFICIAL</p>							

A stamped copy of the product label is enclosed for your records.

Submit one copy of the final printed labeling before releasing the product in channels of trade with the revised labeling.

The submitted Confidential Statement of Formula(CSF) should have the nominal concentration of the active ingredient appearing in column 13(b) of the CSF. This should be consistent with that of the product label, i.e., 99.5%. Submit a revised CSF for this product.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

## ISOCYANURATE RED ATTACHMENT A

**LABELING:** (Statements are based on review of referenced acute toxicity data)

1. The signal word is "DANGER"
2. Revise the Precautionary Statements to read:

**CORROSIVE:** Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin, or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

3. Revise the Statement of Practical Treatment to read:

### STATEMENT OF PRACTICAL TREATMENT.

**IF SWALLOWED:** Drink promptly large quantities of water. Do not induce vomiting. Avoid alcohol. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately.

**IF IN EYES:** Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention.

**IF ON SKIN:** Wash with plenty of soap and water. Get medical attention.

**IF INHALED:** Remove victim to fresh air. If not breathing, give artificial respiration, preferably, mouth-to-mouth. Get medical attention.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

## PRECAUTIONARY STATEMENTS

### HAZARD TO HUMANS AND DOMESTIC ANIMALS.

Danger: Highly corrosive. Causes irreversible eye damage and burns to skin. May be fatal if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling. Irritating to nose and throat. Avoid breathing dust or fumes. Wash thoroughly with soap and water after handling. Remove and wash contaminated clothing before reuse.

### ENVIRONMENTAL HAZARDS

Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

### PHYSICAL AND CHEMICAL HAZARDS

Strong Oxidizing Agent: Mix only with water. Use clean dry utensils. Do not add this product to any dispensing device containing remnants of any other product since this may cause a violent reaction leading to fire or explosion. Will burn with the evolution of chlorine and equally toxic gases. Contact with water, organic matter, or other chemicals may start a chemical reaction with generation of heat, liberation of irritating, hazardous gases, and possible generation of fire and explosion. Decomposes at 460° F to 480° F with liberation of harmful gases.

In case of fire, if possible, isolate container in open air or well ventilated area. Flood with large volume of water.

In case of contamination or decomposition, do not reseal container.

### DIRECTION FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. This product is intended for Industrial Use Only. For repackaging into end-use products intended for use as a disinfectant, sanitizer, bactericide, fungicide or algicide. Repackagers using this product are responsible for obtaining EPA registration of their repackaged products.

### STORAGE AND PESTICIDE DISPOSAL

Storage: Keep container tightly closed. Store in a dry place. Do not allow water to get into container.

Pesticide Disposal: Pesticide wastes are acutely hazardous and must be disposed in accordance with applicable Federal and State regulations. Improper disposal of excess pesticide, spray mixture, or residue constitutes a violation of Federal law. If these wastes cannot be disposed of according to the label instructions, contact your State Pesticide, Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

Container Disposal: Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then dispose of liner in a sanitary landfill or by incineration if allowed by State and local authorities. If drum is contaminated and cannot be reused, dispose of drum in the same manner.
