

US ENVIRONMENTAL PROTECTION AGENCY  
OFFICE OF PESTICIDES PROGRAMS  
REGISTRATION DIVISION (15-767)  
WASHINGTON, DC 20460

EPA REGISTRATION NO.

DATE OF ISSUANCE

53254-7

JUN 30 1995

TERM OF ISSUANCE

Conditional

NAME OF PESTICIDE PRODUCT

Oxidan TCA 1" Tablet

NOTICE OF PESTICIDE:  REGISTRATION  
 REREGISTRATION

(Under the Federal Insecticide, Fungicide  
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

3V Inc.  
P.O. Box Drawer Y  
Georgetown, SC 29442

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) and section 4 when the Agency requires all registrants of similar product to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- a. Add the phrase "EPA Registration No. 53254-7".
- b. Place the signal word "DANGER" immediately below "Keep Out of the Reach of Children".
- c. Delete the word "General" before the "EPA Registration Number".
- d. Place immediately after the "Precautionary Statement" the phrase "Hazards to Humans and Domestic Animals".

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

DATE

For our records, submit an updated CSF and indicate 20 gms. in item 7, since label states that one tablet is 20 gms. Note that 1/2 oz. equal 14.8 gms.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Ruth Douglas  
Product Manager (32)  
Antimicrobial Program Branch  
Registration Division (7505C)

FRONT PANEL

**OXIDAN TCA  
1 INCH TABLETS**

ACCEPTED  
with COMMENTS  
in EPA Letter Dated:

JUN 30 1995

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act as  
amended, for the pesticide  
registered under EPA Reg. No.

53254-7

**TRICHLOROISOCYANURIC ACID, DRY**

**UN 2468**

**DANGER: KEEP OUT OF REACH OF CHILDREN.**

See precautionary statement and first aid on back panel

**Active Ingredient**

Trichloro-s-triazinetrione ..... 99.0%

**Inert Ingredients** ..... 1.0%

Available Chlorine ..... 90%

1 Inch Tablets  
(20 grams each)  
NET WT. 5 lbs.

Manufactured By:  
3V, Inc.

**BACK PANEL**

**OXIDAN TCA 1 INCH TABLETS**

**FIRST AID (PRACTICAL TREATMENT).**

**IF SWALLOWED:** Drink promptly large quantities of water. Do not induce vomiting. Avoid alcohol. Never give anything by mouth to an unconscious person. Call a physician or poison control center immediately.

**IF IN EYES:** Hold eyelids open and flush with a steady, gentle stream of water for 15 minutes. Get medical attention.

**IF ON SKIN:** Wash with plenty of soap and water. Get medical attention.

**IF INHALED:** Remove victim to fresh air. If not breathing, give artificial respiration, preferably, mouth-to-mouth. Get medical attention.

**NOTE TO PHYSICIAN:** Probable mucosal damage may contraindicate the use of gastric lavage.

**PRECAUTIONARY STATEMENTS. Hazards to CORROSIVE.** Causes irreversible eye damage and skin burns. May be fatal if absorbed through skin. May be fatal if inhaled. Do not breathe dust or spray mists. Irritating to nose and throat. Harmful if swallowed. Do not get in eyes, on skin or on clothing. Wear goggles or face shield, protective clothing and rubber gloves when handling this product. Wash thoroughly with soap and water after handling and before eating, drinking or using tobacco. Remove contaminated clothing and wash before reuse.

**ENVIRONMENTAL HAZARDS.** This product is toxic to fish and other aquatic organisms. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

**PHYSICAL AND CHEMICAL HAZARDS.** Strong oxidizing agent. Mix only with water. Use clean, dry utensils. Do not add this product to any dispensing device containing remnants of any other product since this may cause a violent reaction leading to fire or explosion. Will burn with the evolution of chlorine and equally toxic gases. Contact with water, organic matter or other chemicals may start a chemical reaction and with generation of heat, liberation or irritating hazardous gases, and possible generation of fire and explosion. Decomposes at 460° F to 480° F with liberation of harmful gases.

In case of fire, if possible, isolate container in open, well ventilated area. Flood with large volumes of

water. In case of contamination or decomposition, do not reseal container.

**DIRECTION FOR USE.** It is in violation of Federal law to use this product in a manner inconsistent with its labeling.

**For Swimming Pools.** For best results follow these guidelines:

- 1) Proper conditioning of pool water is necessary to insure maximum effectiveness of this product. Previously unconditioned pools should be treated with a chlorine stabilizer. A range of 30 - 40 ppm of conditioner is the recommended range to maintain at all times to insure maximum chlorine effectiveness.
- 2) Adjust pool water pH to 7.2 - 7.8 as indicated on a suitable test kit. Adjust as needed with pH up and/or down to maintain this range.
- 3) Maintenance Dose - For every 1,000 gallons of water, put 1 Oxidan TCA 1" tablet in an automatic chlorinator or other suitable tablet feeder every 7-10 days. Maintain a chlorine residual in the 1.0 - 1.5 ppm range at all times. Check the pool water frequently with a test kit to insure this range is maintained and add tablets as needed.
- 4) Due to extremely hot weather, adverse weather conditions and or heavy bathing loads additional dosages may be required to maintain the 1.0 - 1.5 ppm chlorine residual. This can be achieved by adding additional Oxidan TCA 1" tablets as needed to maintain the desired level. Test the pool water frequently to insure the proper level is maintained. Should immediate chlorine dosage be required, see directions on superchlorinating product and apply as needed to maintain the desired 1.0 - 1.5 ppm chlorine residual.

**Reentry into treated swimming pools/spas is prohibited above levels of 3 ppm of chlorine.**

**STORAGE AND DISPOSAL.** Keep product in tightly closed original container when not in use. Store in a cool, dry, well ventilated area away from heat, open flames and organic chemicals. **DO NOT REUSE EMPTY CONTAINER.** Rinse empty container thoroughly with water and discard in trash.

**GENERAL** EPA Reg. 53254-  
EPA Est. 33642-IT-01
