**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS
AND DOMESTIC ANIMALS**

DANGER: Corrosive, may cause severe skin irritation or chemical burns to broken skin. Causes eye damage. Do not get into eyes, on skin or on clothing. Wear goggles or face shield and rubber gloves when handling this product. Wash after handling. Avoid breathing vapors. Vacate poorly ventilated areas as soon as possible. Do not return until odors have dissipated.

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Keep out of lakes, streams or ponds. Treated effluent may not be discharged into lakes, streams, ponds or public waters without a valid discharge permit. For guidance, contact the regional office of the Environmental Protection Agency.

PHYSICAL AND CHEMICAL HAZARDS:

STRONG OXIDIZING AGENT: Mix only with water according to label directions. Mixing this product with gross fish such as feces, urine, etc., or with ammonia, acids, detergents or other chemicals may release hazardous gases irritating to eyes, lungs and mucous membranes.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For small or large pools dilute, scatter over surface or feed through a chemical feeder 3-5 ozs. of Chlorine to each 1,000 gallons of water. Repeat treatment DAILY OR AS NEEDED to maintain an available chlorine residual of 0.6 to 1.0 ppm as determined by frequent testing with a chlorine test kit. Also a pH range of 7.2 to 7.6 should be maintained. Both chlorine content and pH will vary due to temperature and number of swimmers and should be checked daily. Degrades with age. Use a test kit and increase dosage as necessary to obtain required level of available chlorine.

STORAGE AND DISPOSAL: Store in a cool, dry area away from direct sunlight. In case of spill, flood area with large quantities of water. Rinse empty container thoroughly with water and either return to manufacturer or discard by placing in trash collection or burying in an approved landfill. Product or residue that cannot be used, should be diluted with water, and disposed of in a sanitary sewer. Do not contaminate food or feed by storage, disposal or cleaning of equipment.

Shell Oil Company
1025 Connecticut Avenue NW.
Suite 200
Washington, DC 20036

Dear Dr. Hobson:

Subject: Addition of Pests, Increasing Collards Rates, and
Addition of Non-bearing Grapevines and Nursery Stock
Mudrin® 90 Methomyl Insecticide Water Soluble Powder
EPA Registration No. 201-324
Your Application Dated February 26, 1985

The amendment referred to above, submitted in connection with
registration under FIFRA sec. 3(c)(7)(A) is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration
of your product under FIFRA sec. 3(c)(5) when the Agency requires all
registrants of similar products to submit such data.

2. Submit five (5) copies of your final printed labeling before you
release the product for shipment.

If these conditions are not complied with, the registration will be
subject to cancellation in accordance with FIFRA sec. 6(e). Your release for
shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,
