☒ REGISTRATION
☐ REREISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

PENNSAID CIF

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Mr. J. J. J. J.
12345 Main St.
Anytown, CA 90001

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with the provisions of Section 3(c)(7)(A) of the Act, since you have agreed that you will submit and provide all data required for registration/re-registration of your product under EPA Section 3(e)(5), when the Agency requires all registrants of similar products to submit such data.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with Section 4(e) of the Act.

Pathogens to Humans and Domestic Animals

DANGER: Acid Based Concentrate. CORROSIVE TO TISSUES. CAUSE OF EYE DAMAGE AND SKIN IRRITATION. Do not get on eyes, on skin or on clothing. Wear goggles, a face shield and rubber gloves when handling. Flush out later with water. Avoid breathing spray of liquid mist.

DIRECTIONS FOR USE

As a result of the Federal law, the price of a cigarette increases with the applied tax rate and the price of raw tobacco and paper is also raised by a similar amount. When increasing the price of the direct factor, the firm's profit will depend on the amount of sales, followed by a "post-audit" policy, which will allow

[illegible]

STORAGE AND DISPOSAL

Wang et al. (2010) have recently published a review of the literature on the effects of WFA on the environment. They conclude that the effects of WFA on the environment are mixed, with some studies showing positive effects and others showing negative effects. They also note that the effects of WFA on the environment are likely to be more pronounced in developing countries than in developed countries.
