Note: Changes in labeling and/or use of a pesticide registered under the Act must be submitted to and accepted by the Registration Division prior to use of the label in commerce. Changes in labeling and/or use of a pesticide registered under the Act must be submitted to and accepted by the Registration Division prior to use of the label in commerce.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) subject to the following provisions:

1. You will submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. You will make the following label changes before you release the product for shipment:
 - a) Revise the EPA Registration Number to read "EPA Reg. No.53263-32."
 - b) Add "...and aquatic invertebrates" to the first sentence under Environmental Hazards.
 - c) Under directions for use add "Formulators using this product are responsible for obtaining USEPA registration for their formulated product which may be labeled for use patterns listed on this label."
 - d) Under the directions for use delete "...and other flying and crawling insects."
3. Product Chemistry data requirements for the 830 Series Subgroup A and Subgroup B guidelines are satisfied, except for storage stability (830.6317), corrosion characteristics (830.6320), and oxidation reduction (830.6314). These data are outstanding and must be submitted to satisfy the

requirements of 40CFR 158.190. In addition, samples must be submitted to the EPA analytical laboratory in accordance with Guideline 830.1900. Please refer to enclosed Product Chemistry Review Memo for details.

4. Please note that a notice of availability of EPA's reregistration eligibility document (RED) for products containing permethrin was published in the FR on June 28, 2006 (Vol 71 no. 124 pg. 36788). Additional data and/or labeling changes may be required for products containing permethrin.
5. Please submit three (3) copies of your final printed labeling before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

The Confidential Statement of Formula (CSF) for the basic formulation dated 05-23-06 is acceptable. A copy of the CSF has been placed in the file for the subject product.

If you have any questions regarding this action, please contact Olga Odiott of my team at (703)308-9369.
