Ms. Diana Williams
Spray Control Systems
c/o United Agri Products
P.O. Box 1286
Greeley, CO 80632

Dear Ms. Williams:

Subject: Change In Formulation and Label Revisions
SCS Wasp and Ant Spray
EPA Registration No. 53281-1
Your Amended Application Dated November 3, 1986

The amendment referred to above, submitted in connection with registration under section of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), is acceptable provided that you make the labeling changes listed below before you release the product for shipment bearing the amended labeling:

1. On the Confidential Statement of Formula (CSF), you must provide the following:
 - a. Flame extension of the product, including the flashbacks if noted.
 - b. It is understood that although you checked the alternate formulation on the CSF, this is actually a formulation change and in Block ~~A~~^{checked} of the CSF, the basic formulation should have been ~~changed~~.

It is understood that this formulation ~~when accepted~~^{or} will supersede previously accepted ones ~~and after the effective date of a change in formula~~. the product shall be marketed only under the new formula, except that a reasonable time may be permitted to dispose of properly labeled stocks of the old formulation.

2. You must provide the specification sheet and percentage of aromatic for odorless mineral spirits.

|-----------|--|--|--|--|--|--|--|--|
| SYMBOL ▶ | | | | | | | | |
| SURNAME ▶ | | | | | | | | |
| DATE ▶ | | | | | | | | |

3. You must update the label disposal statement as follows:

STORAGE AND DISPOSAL

Replace cap and discard containers in trash.
Do not incinerate or puncture.

4. Add the following to the Statement of Practical Treatment:

If Inhaled: Remove victim to fresh air.
Apply artificial respiration
if necessary.

5. On the data matrix requirements, the following are required:

- a. Statement of composition - a brief description of the formulation process.
- b. Flammability - flame extension.
- c. Explodability - Note these characteristics if any.
Is the product impact explodable?
- d. Submit interim storage stability data for this product.

6. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Spray Control Systems, Inc. Marietta, Georgia 30067

EPA REG. NO. 53281-1 EPA EST. NO. _____

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

FOR ANT CONTROL: (MOUND CONTROL), (A) Install delivery tube on spray can. (B) Begin spraying, then insert delivery tube into ant mound while maintaining spray delivery. Insert in several locations to maximum possible depths. (C) Remove delivery tube, re-install spray nozzle and spray external areas of the mound thoroughly.

FOR FORAGING ANT CONTROL, Use spray nozzle, spray directly on ants.

FOR WASP AND HORNET CONTROL, (A) Spray from upwind position. (B) Spray nest from distance of 8-10 feet. (C) Spray until nest is thoroughly covered and all emerging wasps or hornets are contacted. (D) Apply to nesting areas at dusk, when possible, since most of the insects are then in the nest and less active.

FOR YELLOW JACKET AND BEE CONTROL, (A) Inivate spray in a sweeping motion on external flying insects around the opening of the nest. (B) Move forward to the nest opening and spray liquid directly into nest hole. (C) Apply to nesting areas at dusk, when possible, since most of the insects are then in the nest and less active.

DISPOSAL

Wrap container and put in trash collection. Do not incinerate.

PRECAUTIONARY STATEMENTS

CAUTION

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if swallowed. Avoid inhalation of vapors. May cause eye irritation. Avoid contact with skin and eyes. Wash contaminated skin promptly with soap and warm water. For eyes, flush with plenty of water. Get medical attention if irritation persists.

Do not use in commercial food processing, preparation, serving or storage areas. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Cover exposed food. Remove pets, birds and tower fish aquariums before spraying.

PHYSICAL HAZARDS

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

NOTICE OF WARRANTY

SCS warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for the purposes stated on such label only when used in accordance with the directions under normal use conditions. It is impossible to eliminate all risks inherently associated with the use of this product. Foliage injury, equipment damage or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of application or use, all of which are beyond the control of SCS. In no case shall SCS be liable for consequential, special or indirect damages resulting from the use or handling of this product. All such risks shall be assumed by the buyer. SCS makes no warranties of merchantability or fitness for a particular purpose nor any other express or implied warranty except as stated above.
