Dear Ms Henson:

On behalf of ERCO Worldwide, I am submitting a notification for the above listed products. The purpose of this notification is to revise the disposal section in accordance with PR Notice 2007-4 with the exception of the tank truck and rail car language which is exempt from the new disposal language requirements (40 CFR § 156.144(g)) and to revise the storage language. Please note the proposed storage language does not conflict with the recommended language listed in the Label Review manual. The only difference is the proposed language provides more details to ensure safe storage of the material.

In support of this submission I have enclosed the following documents:

- 1) Application for Pesticide Notification for each product
- 2) One (1) copy of the label with changes highlighted for each product.
- 3) Two (2) copies of the revised label for each product.

If you have any questions, or require any additional information, please feel free to contact me by phone at 202-393-3903 ext. 19, by fax at 202-393-3906, or by email at georgia@lewisharrison.com.
