DIRECTIONS FOR USE;

READ ALL DIRECTIONS BEFORE USING THIS PRODUCT

Do not spray in enclosed areas. Do not apply over cuts, wounds, or irritated skin. Do not apply to eyes and mouth and do not apply to the hands of young children. Do not spray directly on face. Use just enough repellent to cover exposed skin and/or clothing. Do not use under clothing. Avoid overexposure. Frequent reapplication and saturation is necessary for effectiveness. After returning indoors, wash treated skin with soap and water. Wash treated clothing. Use of this product may cause skin reactions in rare cases. If you suspect that you or your child is reacting to this product, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent with you.

NOTE: The foregoing is required by the US EPA PR Notice 91-4.

Remove cap. Aim arrow on valve toward surface to be sprayed. Hold container 6 to 8 inches from surface and depress valve. Apply to all exposed areas of the skin except face. To apply to face, spray a small quantity on hands and spread on face. For ticks and chiggers, apply to clothing openings and cuffs.

ACCEPTED with COMMENTS in EPA Letter Dated 14 APR 1993 Under the FIFRA Act
