d. The pH as indicated on the Confidential Statement of Formula, 8.5-9.5, does not appear to be appropriate for a product which is labeled for application directly to the skin. Provide the basis for this claim.

2-

- e. For the record, the EPA Registration Number of the technical product is 51147-1, and not 51147-NC-1, as was declared in box 12 on the Confidential Statement of Formula. Submit a revised CSF to the Agency incorporating this change.
- f. Add the appropriate EPA Establishment Number, the number which has been assigned to the establishment where this product is repackaged, to the product label.
- g. Regarding future correspondence with the Agency, when submitting revised labeling to the Agency for review, five copies of the product label must be enclosed.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the product label is enclosed for your records.

Sincerely,

Rîchard F. Mountfort Product Manager (10) Insecticide-Rodenticide Branch Registration Division
