DIRECTIONS FOR USE

and Rodenticide Act, as amended, for IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

It is CRITICAL that ISOMATE-LBAM PLUS is applied as directed.

Host Sites	All agricultural crops, ornamental nurseries, business and residential outdoor areas, wild lands, parks and forests.
Target Pests	Light brown apple moth (Epiphyas postvittana).

Rate	200-300 dispensers per acre (0.97-1.45 fl oz or 25.01-37.52 g a.i. per application). Use higher rates when pest pressure is high. Do not exceed 150 g a.i. (or 1,199 dispensers) per acre per year.
Application	Dispensers must be applied uniformly throughout the treated areas to obtain a reduction in mating. Twist dispensers loosely around host plant branches, vines, etc., in the top part of or slightly above plant canopy.

Timing Apply prior to light brown apple moth emergence in the spring. Monitor with pheromone traps and inspection of host sites. Additional applications are to be based on field scouting for the target pest. Consult your local pest control advisor or Pacific Biocontrol representative for proper timing or estimated dispenser longevity in your area.

Note Isomate-LBAM Plus suppresses mating of target pest. Immigration of mated female moths of this species from adjacent external sources of infestation will reduce the level of control. Manage by:

a. Treatment of external sources of infestation with Isomate-LBAM Plus.

b. Treatment of external sources of infestation with an effective insecticide.

c. Treatment of pheromone treated area with insecticide.

Isomate-LBAM Plus is best used in large (> 10 acres), uniform and contiguous areas. Supplementary applications of insecticide are strongly advised when Isomate-LBAM Plus is used in areas with high populations. All pests must be monitored to facilitate timely intervention with insecticides.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage	Store in original unopened package in a dry location at temperatures below 40°F. Do not store in cold facilities used for food.	
Pesticide Disposal	Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility.	
Container Disposal	Nonrefillable container. Do not reuse or refill this container. Dispose of empty foil packets in the trash
