NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

Bengal Roach Spray

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Bengal Chemical, Inc.
c/o Dr. Eugene J. Gering
10000th Avenue
Baltimore, MD 21220

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A) provided that you:

1. Submit/cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

- Add the phrase "EPA Registration No. 53719-1."
- Submit a new Confidential Statement of Formula Form changing figures in items 13a and 17 to those in an actual production batch rather than gram quantities.
- Submit a flashpoint of this product without the propellant.
- One-year storage stability studies must be submitted no later than 14 months after the date of this letter.

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

(BACK PANEL)

DIRECTIONS FOR USE:

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

For use in Households: Schools, Warehouses, Office Buildings, Theaters, Garages, Hotels, Motels, Kennels.

TO KILL COCKROACHES, ANTS AND CRICKETS: Attached extension tube to spray actuator, spray on floors along baseboards, directly into cracks, crevices, and all places suspected of harboring cockroaches. Contact as many insects as possible with spray. Special attention should be paid to hidden areas behind stoves, refrigerators, and food storage areas and suspected hiding places, such as kitchens and baths.

TO KILL FLYING INSECTS: (mosquitoes, houseflies and gnats): Close space to be treated. Spray above head with a sweeping arm motion 3 feet from surfaces. Spray 10 grams (10 seconds) per 1,000 cubic feet of space. Keep treated area closed for at least 30 minutes after spraying. Ventilate area before re-entry. Repeat as necessary.

TO KILL SOWBUGS, CENTIPEDES, SILVERFISH, FIREBRATS AND SPIDERS: Contact as many insects as possible with the spray. Also thoroughly spray all parts of the room suspected of harbouring these pest. Special attention should be paid to cracks crevices, hidden surfaces under sinks, behind stoves and refrigerators.

TO KILL FLEAS AND BROWN DOG TICKS: Remove and destroy pet's old bedding. Spray sleeping quarters of pets, around baseboards, window and door frames, wall cracks and local areas of floors. Repeat as necessary. Do not spray animals. Old bedding should be removed and replaced with clean, fresh bedding after treatment. Also treat dogs and cats with a registered flea and tick control product before allowing them to enter treated area.

PRECAUTIONARY STATEMENTS
HAZARDOUS TO HUMANS
CAUTION

Harmful if swallowed. Do not use in commercial food serving areas while food is exposed. Do not contaminate food or foodstuffs.

PHYSICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 degrees F may cause bursting. Flammable.

STORAGE AND DISPOSAL

Storage: Store in a cool area away from heat or open flame.

Disposal: Securely wrap original container in several layers of newspaper and discard in trash.
