Term of Issuence: Conditional

Name of Pesticide Product:

Bengal Indoor Fogger

Name and Address of Registrant (include ZIP Code):

Bengal Chemical, Inc. 13739 Airline Highway Baton Rouge, Louisiana 70835-0487

5452381

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be substanted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration manhor.

On the basis of information furnished by the registrant, the above named posticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

- Submit and/or cite all data required for registration/ reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
- You will repeat the dermal sensitization study (GRN 81-6), conducted in accordance with the 40 CFR Part 158 test guidelines and submit the dermal sensitization study to EPA for review within nine (9) months from date of this notice.
  - 3. Make the following label changes:

war

- a. Revise the EPA Registration Number to read, "EPA Reg. No. 53719-21".
- b. Since the dermal sensitization study has been classified as supplemental, you must revise the precautionary statement to include the following statement at the beginning of the paragraph:

"Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals."

Signature of Approving Official:

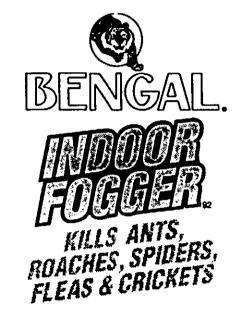

Once the data has been submitted and meets the EPA's guidelines for a dermal sensitization study, the label may be revised accordingly.

4. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.
