NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec.

3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 53824-1."

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

KEEP OUT OF REACH OF CHILDREN

DANGER! CORROSIVE, CAUSES EYE AND SKIN DAMAGE
COMBUSTIBLE DO NOT USE, POUR, SPILL, OR STORE NEAR HEAT OR OPEN FLAME

Do not get in eyes, on skin, or clothing. Rubber gloves, rubber aprons, and rubber footwear and goggles or face shield should be worn. Avoid breathing vapor; use approved respirator if working near mist or high concentration of vapors. Keep container closed. Use with adequate ventilation. Wash thoroughly after handling.

FIRST AID: In case of contact, immediately flush eyes or skin with plenty of water for at least 15 minutes while removing clothing. Call a physician. Wash clothing before reuse.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

Use Precautions: As with other blends of acids, **POWER V** is corrosive. **MAXIMUM USAGE LISTED BELOW.** Application of **POWER V** is suggested for application as directed below immediately after harvest to prevent fungal growth in stored corn, milo, barley, wheat, and other grains.

Moisture Content (%)	18	18	20	22	24	26	28	30	32	34	36
Pounds of POWER V	11	13	15	17	19	21	23	25	27	29	31

[Convert to "fluid oz. per 100 lbs. of grain" by use of the formula: (lbs. product per ton grain) x 0.77 = (fl. oz. product per cent. grain)]

Apply undiluted, by use of low pressure spray nozzles achieving uniform coverage, as grain passes through applicator. Stop grain flow immediately in event of nozzle plugging. Concentrations of untreated grain may develop fungal growth which may spread and spoil all grain in the bin. **Clean bins, rooms, and thoroughly before putting treated grain into it.** Increasing the suggested rate of application in the top 10% of the grain placed in each storage bin will provide additional protection against the effect of normal moisture migration in the grain during storage.

— STORAGE AND DISPOSAL —

STORAGE: Do not contaminate water, food, or feed by storage or disposal.
PESTICIDE DISPOSAL: Pesticides, spray mixtures, or residues that cannot be used or chemically processed should be disposed of in a landfill approved for pesticide disposal. Open dumping is prohibited.
CONTAINER DISPOSAL: Recycle container and offer for reconditioning, or triple rinse (or equivalent) and offer for recycling, reconditioning, or disposal in accordance with applicable regulations.
GENERAL: Consult Federal, State or Local disposal authorities for approved alternative procedures.

WARRANTY AND LIMITATION OF LIABILITY

POWER V Grain Preservative is warranted to conform to the chemical description hereon, and to be reasonably fit for the described use when applied strictly according to directions. **THERE ARE NO OTHER WARRANTIES, EXPRESS OR IMPLIED, INCLUDING THOSE OF MERCHANTABILITY OR FITNESS FOR PURPOSE.** Factors of **STOP-SHOCK, INC.** and its marketing affiliates prevent them from assuming responsibility for damage to other property, including plants and crops, if it is applied according to directions. Buyer and User assume all risks beyond the above warranty, in no event shall the liability of **STOP-SHOCK, INC.** exceed the purchase price hereof.
