DIRECTIONS FOR USE

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH LABELING.

APPLICATION: P-7 is suggested for application directed below immediately after harvest to prevent fungal growth in stored corn, milo, barley, wheat, oats, rice, peanuts, soybeans and cotton seed.

Pounds per ton of grain with the following respective percent moisture content.

Moisture Content %	10-15	18	20	22	24	26	28	30	32	34	38
Pounds of P-7	2	3	4	4	4	4	4	6	6	6	6

APPLY UNDILUTED, by use of low pressure spray nozzles achieving uniform coverage as grain passes through applicator. Stop grain flow immediately in event of spray failure or nozzle plugging. Concentrations of untreated grain may develop fungal growth which may spread and spoil all grain in the bin. Clean bins, silos, store room thoroughly before storing grains. Increasing the suggested rate of application in the table by 25% for the top 10% of the grain placed in each storage bin will provide additional protection against the effect of normal moisture migration in the grain during storage. These rates protect stored corn, sorghum, wheat, oats or barley up to 12 months.

STORAGE AND DISPOSAL

STORAGE: Do not contaminate water, food, or food by storage or disposal.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide, spray mixture, or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Triple rinse (or equivalent). Then offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or incineration, or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

WARRANTY AND LIMITATION OF LIABILITY

P-7 Grain Preservative is warranted to conform to the chemical description hereon, and to be reasonably for the described use when applied strictly in accordance with direction. THERE ARE NO OTHER WARRANTIES, EXPRESSED OR IMPLIED, INCLUDING THOSE OF MERCHANTABILITY OR FITNESS FOR PURPOSE. Factors beyond the control of NAYFA INDUSTRIES, INC. and its marketing affiliates prevent them from assuming responsibility for damage to other property, including plants and crops, even when this product is applied according to directions. Buyer and User assume all risks beyond the above warranty. In no event shall the liability of NAYFA INDUSTRIES, INC. and its marketing affiliates exceed the purchase price hereof.
