 18/ 1

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Add the phrase "EPA Registration No. 53850-1" to your label before you release the product for shipment.
3. Transfer the "Directions for Use" and the Federal law violation statement to immediately precede the actual product mixing instructions.
4. Add to the precautionary statements, the following: "Harmful if swallowed or absorbed through the skin. Remove contaminated clothing and wash before reuse."
5. Transfer the information "In case of eyes, ...." to follow the First Aid heading.
6. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

**GENERAL INFORMATION**  
BP 52™ is a broad spectrum fungicide for control of mildew on all types of surfaces. The available form of BP 52™ provides excellent long-term protection when used as a maintenance fungicide.  
BP 52™ is a 60% active ingredient dispersion. It can be added to the paint at any time before or after the paint has been applied. It is available in a 10Z (10.67 oz) container for use in the maintenance of paint surfaces.

**EXTERIOR:** Add BP 52™ at the rate of 1 oz per gallon.  
**INTERIOR:** Add BP 52™ at the rate of 1/2 oz per gallon of acrylic, vinyl acrylic, or polyurethane latex paint. For proper control of BP 52™ and other paint additives, shake thoroughly to coat the paint. If you wait more than 3 hours in using paint, please stir, resift, filter and mix thoroughly with paint before or just after applying to the surface. This will give you a protective film.

**ACTIVE INGREDIENT**  
Chlorothalonil (p,p'-Methoxydichlorobenzene) ..... 60.0%  
**INERT INGREDIENTS** ..... 39.0%  
**TOTAL** ..... 100.0%
