

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

53853-8

Date of Issuance:

2/9/22

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

FGI PY/PBO OUTDOOR RTU
INSECTICIDE

Name and Address of Registrant (include ZIP Code):

Cynthia Ann Smith
Conn & Smith Inc.
Agent for The Fountainhead Group, Inc.
23 Garden Street
New York Mills, NY 13417-1318

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Elizabeth Fertich, Product Manager 4
Invertebrate-Vertebrate Branch 1
Registration Division
Office of Pesticide Programs

Date:

2/9/22

2. You are required to comply with the data requirements described in the DCI identified below:
 - a. Piperonyl Butoxide GDCI-067501-26641

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 53853-8.”
4. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 09/22/2021

If you have any questions, please contact Jamey Shuler by phone at (202) 566-2898, or via email at Shuler.Jamey@epa.gov.

Enclosure

FGI Py/PBO Outdoor RTU Insecticide

For Outdoor Residential Non-Food Use Only

{Optional text:}

- Contains the botanical insecticide Pyrethrum[, an extract of the Chrysanthemum flower]
- A micro-emulsion water-based spray
- Kills [Controls] and repels Mosquitoes, and Gnats
- Kills Black Widow Spiders and Black Carpenter Ants
- Kills Mosquitoes, including the Culex species that may carry and transmit the West Nile Virus
- Kills Stink Bugs, Brown Marmorated Stink Bugs (BMSB), Asian Lady Beetles, Box Elder Bugs
- Not for sale or use in California.

ACTIVE INGREDIENTS:

Pyrethrins	0.10%
* Piperonyl butoxide, Technical	1.00%
OTHER INGREDIENTS	98.90%
TOTAL	100.00%

*Equivalent to min. 0.8% (butylcarbityl)(6-propylpiperonyl) ether and 0.2% related compounds.

KEEP OUT OF REACH OF CHILDREN CAUTION

See [side panel] [back panel] [booklet] for additional precautionary statements.

The Fountainhead Group, Inc.
 3 Garden Street
 New York Mills, NY 13417-1318

Net Contents: 1 Pint (32 fl oz.)
 1 Quart (64 fl. oz.)
 ½ Gallon (128 fl. oz.)
 1 Gallon (256 fl oz.)

EPA Reg. No. 53853-____
 EPA Est. No. 9688-MO-1

FIRST AID	
If Swallowed:	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
If on Skin or Clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For medical emergencies, call the poison control center at 1-800-222-1222 .	

<p>PRECAUTIONARY STATEMENTS</p> <p>HAZARDS TO HUMANS AND DOMESTIC ANIMALS</p> <p>Caution. Harmful if swallowed or absorbed through the skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.</p> <p style="text-align: center;">ENVIRONMENTAL HAZARDS</p> <p>This product is toxic to aquatic organisms, including fish and invertebrates. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. The product may contaminate water through runoff. This product has a potential for runoff for several weeks after application. Poorly draining soils and soils with shallow water tables are more prone to produce runoff that contains this product. Do not apply directly to water, to areas where surface water is present or intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment wash-waters or rinsate.</p> <p>This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.</p> <p style="text-align: center;">PHYSICAL OR CHEMICAL HAZARDS</p> <p>Do not use this product in or on electrical equipment because of shock hazard.</p>
--

This product contains the quick-killing botanical insecticide Pyrethrum, [an extract of Chrysanthemum flowers,] which provides rapid, effective control of insects upon direct contact, with the added benefit of flushing [repelling] these insects to aid in more complete control [kill]. This highly effective water-based formula can be used on flying and crawling insects outdoors.

This product can be used around the outside of homes to control [kill], on contact, listed crawling pests and is a fast, effective product for flying insect control. Pyrethrum has quick-killing ability with no persistent residue.

This product can be used to reduce annoyance of mosquitoes, including the Culex species that may carry and transmit the West Nile Virus, outdoors around homes. Ideal for use prior to outdoor activities.

This product provides rapid kill of insects without objectionable residues.

FOR THE CONTROL OF INSECTS OUTDOORS including:

Asian Lady Beetles, Black Carpenter Ants, Black Widow Spiders, Box Elder Bugs, Brown Marmorated Stink Bugs (BMSB), Cockroaches, Deer Ticks, Gnats, Hornets, Millipedes, Mosquitoes- including the Culex species that may carry and transmit the West Nile Virus, Palmetto Bugs, Pillbugs, Sowbugs, Stink Bugs, Ticks and other Ixodid species that may carry and transmit Lyme disease, Wasps, Waterbugs, and Yellow Jackets.

OUTDOOR AREAS for uses in and around:

Back Yards, Balconies, Kennels, Lanais, Patios, Rooftops, Wood Piles.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read all directions completely before use. For best results, follow directions for specific use areas.

Do not use this product in or on electrical equipment due to possibility of shock. Avoid contamination of food and feedstuffs.

USE RESTRICTIONS:

- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not make applications during rain.
- Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours).
- Rainfall within 24 hours after application may cause unintended runoff of pesticide application.
- To treat insects harbored in voids and cracks-and-crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.
- Do not remain in treated area. Exit area immediately and remain outside the treated area until aerosols, vapors, and/or mists have dispersed.
- Do not wet plants to point of runoff or drip.
- Do not water the treated area to the point of run-off.
- Remove or cover exposed food and drinking water before application.
- Except for use with fogging devices, all outdoor applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:
 - Treatment to soil or vegetation around structures;
 - Applications to lawns, turf, and other vegetation; and
 - Applications to building foundations, up to a maximum height of 3 feet.
- Other than applications to building foundation, all outdoor applications to impervious surfaces such as sidewalks and patios, are limited to spot and crack-and-crevice applications only.
- Do not apply this product in or around bodies of water.

GENERAL:

For maximum effectiveness, follow the application instructions and use a combination of spot, surface, and spray treatments.

OUTDOOR USE:

This spray is ready-to-use.

Caution should be taken to avoid spraying when wind conditions might create a mist that can blow back to applicator. Do not apply directly on plants. Spray surfaces and contact as many insects as possible.

FLIES, GNATS, MOSQUITOES, SMALL FLYING MOTHS, MIDGES, small flying insects, and other flying insects:

Hold applicator nozzle 18–24 inches from shrubs, bushes, grassy areas, and other areas infested with these pests. Spray with a slow, sweeping motion while moving away from the treated area. To reduce annoyance from these pests, treat open porches and patios in a similar manner. Kills and repels Flies, Mosquitoes, including the *Culex* species that may carry and transmit the West Nile Virus, Midges, Gnats, and, when used intermittently during outdoor activities, will keep surrounding areas free from these pests. Allow spray to dissipate before occupying the treated area.

ANTS (including Black Carpenter Ants):

Spray ant trails, anthills, and other areas of entry and infestation. Spray on ants where possible.

SPIDERS:

Spray directly on spiders and webs.

SOWBUGS, MILLIPEDES, BEETLES, EARWIGS, Asian Lady Beetles, Brown Marmorated Stink Bugs (BMSB), Box Elder Bugs, Stink Bugs, Pillbugs, Centipedes, Scorpions, Cockroaches, Crickets, Waterbugs, and Palmetto Bugs:

Thoroughly spray surfaces and into hiding places such as cracks, crevices, moist areas, openings around pipes, spigots, storage areas, sheds, and other areas where these pests tend to congregate.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage

Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling

Nonrefillable container. Do not reuse or refill this container.

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
