U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 M St., S.W.
Washington, D.C. 20460

EPA Reg. Number:
53883-67

Date of Issuance:
MAY 10 2001

**NOTICE OF PESTICIDE
Registration**

Term of Issuance:
Conditional Registration

Name of Pesticide Product:
Martin's Insect Bait 1

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

**Control Solutions, Inc.
2739 Pasadena Blvd.
Pasadena, TX 77502**

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act. Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, EPA Reg. No. 53883-67

Signature of Approving Official: <i>Richard A. Johnson</i> <i>Maion Johnson</i>	Date: <i>5/10/2001</i>

b. Per PR Notice 2001-1 change the First aid to state the following in box and bullet format:

FIRST AID	
If swallowed	<ul style="list-style-type: none"> •Move person to fresh air. •If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. •Call a poison control center or doctor for further treatment advice.
If on skin or clothing	<ul style="list-style-type: none"> •Take off contaminated clothing. •Rinse skin immediately with plenty of water for 15-20 minutes. •Call a poison control center or doctor for treatment advice.
If in eyes	<ul style="list-style-type: none"> •Hold eye open and rinse slowly and gently with water for 15-20 minutes. •Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. •Call a poison control center or doctor for treatment advice.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. You may also contact 1-800-xxx-xxxx for emergency medical treatment information.	

Replace the "xxx-xxxx" with the appropriate phone number per the instructions outlined in PR Notice 2001-1. "EPA encourages registrants to include a company telephone number or toll-free hotline number on the pesticide label as first suggested in PR Notice 97-4, Consumer Access Numbers on Pesticide Labels. If a number is included, confusion can be avoided by placing emergency numbers with the "First Aid" or "Hot Line Number" text, numbers for chemical spills with the spill cleanup information in the Storage and Disposal section, and numbers for general information elsewhere on the label. If a number is included, it should include a phrase or statement indicating the kinds of information the number should be used for, or if it may be used for all information, a simple lead-in phrase. The explanatory statement may include hours of service."

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Marion Johnson
 Product Manager 10
 Insecticide Branch
 Registration Division (7505C)

[Side/Back Panel]

PRECAUTIONARY STATEMENTS

CAUTION: HAZARDS TO HUMANS: May be harmful if swallowed. Avoid contact with skin or eyes. Applicator should wear gloves and wash hands thoroughly after handling.

FIRST AID: If swallowed, drink one or two glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person. Get medical attention.

HAZARDS TO ANIMALS: Store in a secure place. Pets may be attracted to this product. Keep pets away from treated areas for at least 24 hours after application.

ENVIRONMENTAL HAZARDS: This product is toxic to fish. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of equipment wash waters.

GENERAL INFORMATION

This product controls a variety of ants including the following species:

- | | |
|----------------------------|---------------|
| Acrobat | Ghost |
| Argentine | Harvester |
| Big Headed | Odorous House |
| Carpenter | Pavement |
| Cornfield | Pharaoh |
| Field | Thief |
| Fire (Native and Imported) | |

This product is a ready-to-use product for use indoors and outdoors, around buildings, on lawns, and other non-crop areas* such as residential areas, the non-food / non-feed areas of institutional and commercial establishments including warehouses, restaurants, food processing plants, supermarkets, hospitals, nursing homes, motels, hotels, apartment buildings, schools, laboratories, computer facilities, pet shops, zoos, sewers, highway rights-of-way and medians, traffic islands, utility rights-of-way (including power lines, pipelines, aqueducts), managed turf areas (non-crop*) (including school yards, playgrounds, athletic fields, amusement parks, picnic areas, recreation areas, office parks, industrial grounds, airports, shopping centers, public parks, arboretums, public gardens, monument sites, cemeteries and mausoleums, golf courses, race tracks, camp grounds, outdoor amphitheaters, sod farms, and ornamental nurseries).

The use of this product on pasture and rangeland is unlawful. DO NOT graze or feed lawn or sod chippings to livestock.

This formula contains a special blend of foods, combined with the delayed-action stomach poison, hydramethylnon. The delayed action of the active ingredient allows foraging ants to bring the bait back to the nest so that the entire colony, including the queen, is destroyed. When properly used, this bait will control many of the following insects, including ants, cockroaches, crickets, silverfish, before they can enter a structure. Do not apply other insecticides (such as aerosols, sprays, etc) on top of or in close proximity to this product, as it will reduce the effectiveness. You should see [expect to see] fewer ants [insects - or - roaches - or - crickets] within a week.

* Do not use on other non-crop areas in California

5/5

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with it's labeling.

FOR OUTDOOR USE

AROUND STRUCTURES: This product may be sprinkled around structures. NOTE: Around structures the total application should not exceed 4-8 oz. per 200-400 linear feet (or 0.5 oz. per 25 linear feet). Sprinkle evenly in a 1-2 foot wide band adjacent to the structure at a rate of 0.5 oz. (one tablespoon) of bait per 25 linear feet. A typical application would be 4-8 oz. adjacent to an average sized home of 200-400 linear feet. Be sure to treat areas such as porches, patios, driveways, sidewalks, flower gardens, and landscape timbers and around trees, woodpiles, air conditioning units and garbage receptacles. DO NOT USE ON EDIBLE FOOD CROPS OR ON AREAS INTENDED FOR EDIBLE FOOD CROP PRODUCTION. Treat visible ant trails, as well as cracks or crevices, where insects [ants, roaches, crickets] may enter a structure.

BROADCAST APPLICATION: Broadcast this product uniformly at a rate of up to 1 oz per 1800 square feet.

FIRE ANTS AND OTHER MOUND BUILDING ANTS (Pavement, Fire, Harvester, Field and Cornfield): Sprinkle approximately two tablespoons (1oz) of bait around each mound. For best results, do not apply bait directly in or on the mound. Do not disturb the mound. Ants that are agitated may not feed on the bait.

FOR INDOOR USE

AVOID CONTAMINATION OF FOOD, FOOD CONTACT SURFACES AND FEEDSTUFFS. NOTE: Indoor applications are limited to areas that are inaccessible to children or pets, such as cracks, crevices, wall voids, unfinished attics, crawl spaces and behind electrical switch plates, within residential and non-residential buildings or structures and within non-food/non-feed areas of industrial, institutional, and commercial buildings as outlined below.

Apply up to 0.5 oz. (one tablespoon) of bait per crack, crevice or other inaccessible areas where insects may hide or live. Apply product using suitable application equipment. Recover [Clean up] [Wipe up] any loose or excess granules. Apply evenly in unfinished attics and crawl spaces at a rate of 0.5 oz. per 100 square feet only if the space is secured or otherwise inaccessible to children and domestic animals.

STORAGE AND DISPOSAL: Store in a cool, dry, secure place. Keep container closed when not in use. Avoid contamination from other insecticides. Do not contaminate water, food or feed by storage or disposal. Do not reuse empty container for any use other than this product. Wrap empty container and place in trashcan.

NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions.
