Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

Data requirements for the reregistration of acephate products were issued to acephate registrants in January of 2003 in conjunction with the acephate Interim Reregistration Eligibility Decision (IRED). A copy of the January 6, 2003 reregistration data requirements for acephate was enclosed with our previous letter of March 18, 2003.

In the event that data supporting the reregistration of the similar registered product cited in support of your product are found unacceptable and will not be replaced, both the cited similar product and your product will be subject to providing these data or being suspended.

2. Make the following label change before you release the product for shipment:

Add the designation, "EPA Reg. No.53883-103".

3. Submit two copies of the revised final printed label before you release the product for shipment.
