

U.S. ENVIRONMENTAL PROTECTION AGENCY

Office of Pesticide Programs
Registration Division (7505P)
1200 Pennsylvania Ave., N.W.
Washington, D.C. 20460

EPA Reg. Number:

53883-466

Date of Issuance:

5/12/2020

NOTICE OF PESTICIDE:

Registration
 Reregistration
(under FIFRA, as amended)

Term of Issuance:

Unconditional

Name of Pesticide Product:

CSI 18-264A Indoxacarb Ant Gel

Haley Wade
Control Solutions, Inc.
5903 Genoa-Red Bluff
Pasadena, TX 77507-1041

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA section 3(c)(5) provided that you:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product when the Agency requires all registrants of similar products to submit such data.
2. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.

Signature of Approving Official:

Sincerely,

Shanta Adeeb, Product Manager 10
Invertebrate-Vertebrate Branch 2
Registration Division (7505P)
Office of Pesticide Programs

Date:

05/12/2020

3. Submit one copy of the revised final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6. Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 06/21/2019

If you have any questions, please contact Frank Antwi by phone at 703-347, or via email at antwi.frank@epa.gov

and Rodenticide Act as amended, for the
pesticide registered under

EPA Reg. No. 53883-466

SUB-LABEL A: COMMERCIAL USE LANGUAGE

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS COMPLETELY BEFORE USE.

Kills ants* in residential, institutional, commercial and industrial areas. These sites include inside areas of single and multi-family residential buildings, schools, commercial and industrial facilities (including warehouses, apartments, supermarkets, restaurants, motels, hotels, hospitals, zoos, food handling/storage establishments), and transportation equipment such as aircraft, trains, ships, boats, and buses. *except Harvester and Pharoah

CSI 18-264A Indox Ant Gel is specifically formulated to be attractive to all major pest species of ants except Harvester. This product kills ants* such as Acrobat, Argentine, Big-Headed, Carpenter, Cornfield, Crazy, Field, Ghost, Honey, Little Black, Odorous House, Pavement, Pyramid, Red Imported Fire Ant, Rover, Thief and White-footed. *except Harvester and Pharoah

CSI 18-264A Indox Ant Gel is applied as a crack and crevice or spot treatment to indoor sites where ant infestations are a problem.

USE RESTRICTIONS:

- Do not treat areas that are easily accessible to children and pets.
- Do not apply to surfaces that food contacts.
- Do not allow open foods to contact gel material.
- Do not apply this product outdoors.

USE PRECAUTIONS:

- Avoid applying CSI 18-264A Indox Ant Gel to surfaces recently treated with repellent residual sprays.
- Surfaces treated with CSI 18-264A Indox Ant Gel should not be treated with repellent residual sprays.

INDOOR APPLICATION DIRECTIONS

- Inspect infested areas carefully to determine overall infestation levels, locations of foraging, nesting areas, and most appropriate application points.
- Indoor applications include cracks and crevices along walls or floors, behind or under equipment or appliances, under tables, within framing of tables or furniture, around sinks, within or near garbage collection areas, attics, crawl spaces, and cracks and crevices in cabinets. Applications may also be made between different elements of construction, behind baseboards or molding, at openings into voids, and within hollow spaces in equipment bases and legs, and ceilings, cabinets and near sinks or stoves, and in bathrooms.
- Apply bait on horizontal surfaces, as bait will not adhere well to vertical surfaces.
- Inspect applications periodically for consumption/activity and apply additional bait as needed. Reapply bait in the same location if all the bait is gone or in a different area if no ant activity is evident.
- Apply CSI 18-264A Indox Ant Gel as spots of gel or small lines of gel.
- Placements or spots or lines of CSI 18-264A Indox Ant Gel should be to active foraging trails, nest sites, or to areas known to be active.
- Apply 0.1 to 1.0 gram spots of CSI 18-264A Indox Ant Gel or approximately 1/4" in diameter spots.
- Apply lines of CSI 18-264A Indox Ant Gel that are approximately 1/8" wide and 2" long; up to 3" long for highly active foraging trails.
- Apply as many placements of CSI 18-264A Indox Ant Gel as possible to active foraging areas without disrupting the natural foraging behavior of ants.
- At the entrance to ant harborage areas, inject up to 2.0 g of bait directly into the nest entrance.

APPLICATIONS IN FOOD/FEED HANDLING AREAS

Application to food/feed areas of food/feed handling establishments may only be made as a crack and crevice treatment and applications may be made while the facility is in operation. Apply CSI 18-264A Indox Ant Gel directly into cracks and crevices by placing the bait dispenser tip into cracks, crevices, holes and similar openings where ants are found or are entering. Food and feed handling areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing edible waste storage, and enclosed processing systems (mills, dairies, edible oils, syrups). Serving areas are also considered a food/feed area when food is exposed, and facility is in operation. Use good application practice to avoid movement of CSI 18-264A Indox Ant Gel to exposed surfaces used for food preparation.

Food/Feed Handling Use Restrictions:

- Do not apply CSI 18-264A Indox Ant Gel to areas where food/feed, food utensils or food processing surfaces may come into contact and become contaminated.
- Do not apply CSI 18-264A Indox Ant Gel to areas that are routinely washed such as cracks and crevices in tops of tables, food/feed preparation and prepared food holding surfaces as bait could be removed by the washing.
- Do not apply CSI 18-264A Indox Ant Gel to surfaces where the temperature exceeds 120 - 130°F because this could cause the bait to liquefy and lose effectiveness.
 - Examples include, but are not limited to, parts of stoves, ovens, grills, fume hoods, saunas, heat lamps, coffee urns, steam tables, toasters, fryers, dishwashers, and hot water pipes.

If, CSI 18-264A Indox Ant Gel contacts an exposed surface, first remove as much of the gel bait as possible, then wash area with soap and water.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry place inaccessible to children and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do not reuse or refill this container. Offer for recycling if available. Place empty bait dispensers in trash. **If partially filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

WARRANTY STATEMENT

The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather, presence of other materials or other influencing factors in the use of the product, which are beyond the control of Control Solutions, Inc. or Seller. To the extent consistent with applicable law, all such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Control Solutions, Inc. and Seller harmless for any claims relating to such factors.

To the extent consistent with applicable law, Control Solutions, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. This warranty does not extend to the use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of Seller or Control Solutions, Inc., and Buyer and User assume the risk of any such use. CONTROL SOLUTIONS, INC. MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

To the extent consistent with applicable law, IT IS **CONTROL SOLUTIONS INC., AND SELLERS INTENTION THAT** in no event shall Control Solutions or Seller be liable for any incidental, consequential or special damages resulting from the use or handling of this product. **THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF CONTROL SOLUTIONS, INC., AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF CONTROL SOLUTIONS, INC. OR SELLER, THE REPLACEMENT OF THE PRODUCT.**

To the extent consistent with applicable law, Control Solutions, Inc. and Seller offer this product, and Buyer and User accept it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of Control Solutions, Inc.

SUB-LABEL B: CONSUMER USES

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS COMPLETELY BEFORE USE.

This product will kill most pest species of ants except Harvester and Pharoah.

This product kills ants such as Acrobat, Argentine, Big-Headed, Carpenter, Cornfield, Crazy, Field, Ghost, Honey, Little Black, Odorous House, Pavement, Pyramid, Red Imported Fire Ant, Rover, Thief and White-footed.

USE RESTRICTIONS:

- Do not treat areas that are easily accessible to children and pets.
- Do not apply to surfaces that food contacts.
- Do not allow open foods to contact gel material.

USE PRECAUTIONS: Avoid applying CSI 18-264A Indox Ant Gel to surfaces recently treated with repellent residual sprays. Surfaces treated with CSI 18-264A Indox Ant Gel should not be treated with repellent residual sprays.

WHERE TO APPLY:

Apply to cracks and crevices along walls, baseboards or floors, behind or under appliances (such as refrigerators, dishwashers and stoves), under tables, around window frames, within framing of tables or furniture, around sinks, within or near garbage collection areas, attics, crawl spaces, and cracks and crevices in cabinets.

HOW TO USE:

Remove cap from the tip of the bait dispenser tube. [Place plunger into rear of tube.] [Insert tube into gel gun.] Place tip at spot where gel is to be applied and [depress plunger/pull trigger]. Apply gel in pea sized droplets (approximately 1/4" in diameter) or in 2" lines. See figures below for size examples. Apply as many placements of CSI 18-264A Indox Ant Gel as possible to active ant areas without disrupting the natural foraging behavior of ants. The amount of bait required for effective control will depend on the severity of the ant infestation. Inspect gel regularly and replace as needed. Replace cap on gel tip when finished dispensing gel. Use a paper towel to remove unwanted bait placements and then discard in trash. Inspect applications periodically for consumption/activity and apply additional bait as needed. Reapply bait in the same location if all the bait is gone or in a different area if no ant activity is evident.

Figure 1. Example line of gel approximately 1/8" x 2".

Figure 2. Example spot of gel approximately 1 g of gel bait.

Bait is still attractive when dry, however, it is best to re-apply if continued ant activity is noticed. Ant activity may continue [for a period of time] and will be related to the level of infestation. Proper sanitation (removal of refuse/garbage/crumbs/food residues will increase the effectiveness of CSI 18-264A Indox Ant Gel.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry place inaccessible to children and pets.

PESTICIDE DISPOSAL AND CONTAINER HANDLING: Do not reuse or refill this container. Offer for recycling if available. Place empty bait dispensers in trash. **If partially filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

UNIT LABEL FOR CSI 18-264A Indox Ant Gel
[Applicable for both commercial and consumer products]

CSI 18-264A Indox Ant Gel

1.06 oz. (30 g) Net Weight
Non-refillable Container

Contains 0.05% Indoxacarb

KEEP OUT OF REACH OF CHILDREN

CAUTION

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact SafetyCall® International for emergency medical treatment at (866) 897-8050.

Refer to the full label for use directions, precautionary statements and Storage and Disposal.

EPA Reg No. 53883-466
EPA Est. No. XXXXXX-XX-XXX

[Syringe label is anticipated to be approximately 3" x 3.5"]
[Lot number to be printed on the syringe or on the syringe label.]

Optional Marketing Statements for Either Sub-label:

Use Related Claims

- Apply to cracks and crevices [hard to reach places]
- Put the bait where the ants are
- [For][Can be used in] Hard to reach places
- For hard to reach places [such as cracks and crevices]
- Kills the ants* you see and the ones you don't *excluding Harvester and Pharoah
- Kills ants* you don't see *excluding Harvester and Pharoah
- Easy way to apply bait
- Easy to apply/use
- For use in a total ant management program
- One tool in a total ant management program

Formulation/Applicator Based Claims

- Non-staining gel
- Odorless [gel]
- Ready-to-use
- No messy residue
- Kills ants (excluding Harvester and Pharoah) without a trace – no fumes or odor
- Convenient [syringe] applicator
- No mixing required

Efficacy Based Claims

- Kills ants* *excluding Harvester and Pharoah
- [Kills] Carpenter Ants (excluding Harvester and Pharoah)
