WASHINGTON, D.C. 20460

May 3, 2024

Leanna Bosarge
Director, Regulatory Affairs
Control Solutions, Inc.
5903 Genoa-Red Bluff
Pasadena, TX 77507-1041

Subject: Approval of Label Amendment; Only Indicated Changes Reviewed – Added Use
Precaution
Product Name: CSI 19-327 Fipronil DF
EPA Registration Number: 53883-476
Application Date: January 6, 2021
Case Number: 477895

Dear Leanna Bosarge:

The amended label referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, is acceptable. However, EPA reviewed only the label changes highlighted, marked, or otherwise indicated on the submitted label. Any other changes to the previously approved label that were not clearly highlighted, marked, or otherwise indicated in your submission were not reviewed and may form the basis of regulatory and/or enforcement action if later discovered by the Agency. Further, submission of a label amendment application with unidentified changes may be considered a knowing submission of false information to the Agency. This approval does not affect any conditions that were previously imposed on this registration. You continue to be subject to existing conditions on your registration and any deadlines connected with them.

The label submitted with the application has been stamped “Accepted Only Indicated Revisions Reviewed” and is attached for your records.

This labeling supersedes all previously accepted labeling. You must submit one copy of the final printed labeling before you release the product for shipment with the new labeling. In accordance with 40 C.F.R. § 152.130(c), you may distribute or sell this product under the previously approved labeling for 18 months from the date of this letter. After 18 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. “To distribute or sell” is defined under FIFRA section 2(gg) and its implementing regulation at 40 C.F.R. § 152.3.

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under FIFRA and is subject to review by the Agency. If the website contains any false or misleading statement, design, or graphic, the product may be misbranded and unlawful to sell or distribute under FIFRA Sections 2(q)(1)(A) and 12(a)(1)(E). 40 C.F.R. § 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on the product label, claims made as part of the product's sale or distribution may not substantially differ from those claims approved through the registration process under FIFRA Section 12(a)(1)(B). Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the product will be referred to the EPA's Office of Enforcement and Compliance Assurance.

Your release for shipment of the product constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6.

If you have any questions, please contact Debra Rate at (202) 566-2867 or at rate.debra@epa.gov.

Sincerely,

Debra Rate, Ph.D.
Senior Regulatory Specialist
Invertebrate and Vertebrate Branch 2

A C C E P T E D
ONLY INDICATED
REVISIONS REVIEWED

05/03/2024

Under the Federal Insecticide, Fungicide and
Rodenticide Act as amended, for the pesticide
registered under EPA Reg. No.

53883-476

No label revisions other than those indicated were
reported to the Agency.

FIRST AID	
IF SWALLOWED:	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • DO NOT induce vomiting unless told to by a poison control center or doctor. • DO NOT give anything by mouth to an unconscious person
IF ON SKIN:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15 to 20 minutes. • Call a poison control center or doctor for treatment advice
IF INHALED:	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. • Call a poison control center or doctor for further treatment advice
IF IN EYES:	<ul style="list-style-type: none"> • Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing. • Call a poison control center or doctor for treatment advice.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact SafetyCall® (866) 897-8050 for emergency medical treatment information.	
NOTE TO PHYSICIAN: There is no specific antidote. All treatment should be based on observed signs and symptoms of distress in the patient. Overexposure to materials other than this product may have occurred. In severe cases of overexposure by oral ingestion, lethargy, muscle tremors, and in extreme cases, possibly convulsions may occur.	

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, absorbed through skin, or inhaled. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Wear long-sleeved shirt and long pants, socks, shoes, and waterproof gloves. Remove and wash contaminated clothing before reuse. Avoid breathing dust.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to birds, fish, and aquatic invertebrates. DO NOT apply directly to water, or to areas where surface water is present, or to intertidal areas below the mean high water mark. Drift or runoff from treated areas may be hazardous to aquatic organisms in neighboring areas. Care must be taken to prevent any and all drift, spillage of the product, or runoff. DO NOT contaminate water by cleaning equipment, or disposal of wastes, or when disposing of equipment washwaters or rinsate.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS COMPLETELY BEFORE USE.

During and after any application, the applicator is required to check for spills. Any and all spills resulting in the deposition of product in locations other than those prescribed on this label must be cleaned up immediately and prior to leaving the application site. DO NOT allow people or pets to contact contaminated areas or to reoccupy contaminated areas of the structure until the cleanup is completed.

USE RESTRICTIONS:

- DO NOT apply to humans, animals, clothing or bedding.
- DO NOT use metal straw/tube/application injector when working around electrical equipment.
- DO NOT apply more than 5 grams [product] (25.0 milligrams fipronil a.i.) per 1,000 square feet of total internal surface area of the void, carton, or gallery.

USE PRECAUTIONS:

- Combustion is unlikely, however, avoid making applications into voids where spark/flame may exist.

APPLICATION INSTRUCTIONS

[Product Name] may be used alone to kill subterranean or drywood termites or as a supplement to a post-construction treatment of Taurus SC Termiticide/Insecticide, Fuse Termiticide/Insecticide, Dominion 2L Termiticide/Insecticide or fumigation to provide protection from subterranean termites. This [product/treatment] will kill workers and/or winged reproductive forms of subterranean and/or drywood termites present at the time of application and will provide residual control of termites contacting the treated surfaces only as described in the Directions For Use. This product is to be used as a spot treatment. Do not use this product as the sole source of control for active, structural infestations by subterranean termites; the purpose of this application is to kill workers or winged reproductive forms of termites which are present at the time of treatment. It is not intended to provide structural pest control. It is not a substitute for mechanical alteration, soil and foundation treatment, but merely a supplement. For active, structural infestations by subterranean termites, this product can only be used to supplement a federally registered conventional product that is registered as a sole source for termite control. This product will not eliminate termite infestations or provide protection against future infestations.

Applicator Instructions for the Precision Delivery System™ (PDS):

1. Insert the battery into the Precision Delivery System prior to loading dry flowable products.
2. To insert the 9V battery, unscrew the small screw on the back ledge/underside of top of the PDS unit. The top cover will lift off. Place the 9V battery into the housing as indicated and replace the top cover. Tighten the cover back down with the screw.
3. To load [Product Name] into the Precision Delivery System (PDS), remove cartridge from packaging and unscrew the lid. [Remove protective film and] firmly screw the cartridge into the underside of the PDS. Be sure to keep the cartridge upright to prevent spillage, and do not overtighten. Retain the cartridge lid for storage after application is complete.
4. Insert the [appropriate] application straw into the opening on front of the PDS. DO NOT use PDS unit without an application straw.
5. Move the switch, located on the back of the PDS to "on".
6. To dispense product, insert the [appropriate] application straw into the desired crack, crevice or void. Depress the trigger for the appropriate amount of time. The trigger can be held down to dispense a continuous flow of material into a large void if necessary.
7. To replace an empty cartridge, unscrew the used cartridge and dispose of it as directed.
8. [Product Name] dispenses at a rate of 0.05 grams per 1 second of trigger activation time. Each cartridge contains 3 grams of product and number of applications per cartridge is based upon the application time at each injection point (See APPLICATION RATES Section).

APPLICATION SITES

Apply into voids and galleries, shelter tubes, termite nests or other inaccessible areas of buildings, trees*, utility poles, fencing, decking materials, railroad trestles, piers*, beams and other structural or landscape timbers where termite damage is observed or termite activity is present or suspected.

*Site not for use in California.

If necessary, gain access to a gallery or void by creating an opening into it. Openings should be approximately every 24 inches or into each void. Multiple injection points for each void, carton, or gallery may be required. DO NOT apply

more than 5 grams [product] (25.0 milligrams fipronil a.i.) per 1,000 square feet of total internal surface area of the void, carton, or gallery.

APPLICATION RATES

PEST	APPLICATION RATE PER INJECTION POINT	APPLICATION RATE IN SECONDS OF TRIGGER PULL
Drywood Termites	0.1 to 1 gram	2 – 20 seconds
Subterranean Termites (galleries and shelter tubes)	0.1 to 1 gram	2 – 20 seconds
Subterranean Termites (voids)	0.2 to 2 grams	4 – 40 seconds
Subterranean Termites (cartons and nests)	0.3 to 3 grams	6 – 60 seconds

This product may be applied to previously treated sites if termite activity is found 30 days after previous application.

STORAGE AND DISPOSAL

DO NOT contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store unused product in original container only, out of reach of children and animals.

PESTICIDE DISPOSAL: Pesticide wastes are acutely hazardous. Improper disposal of excess pesticide is a violation of federal law. If these wastes cannot be disposed of according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER HANDLING: Non-Refillable Container. Non-refillable container. Do not reuse or refill this container.

If Empty: Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions.

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

WARRANTY STATEMENT

The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather, presence of other materials or other influencing factors in the use of the product, which are beyond the control of Control Solutions, Inc. or Seller. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Control Solutions, Inc. and Seller harmless for any claims relating to such factors.

To the extent consistent with applicable law, Control Solutions, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. This warranty does not extend to the use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of Seller or Control Solutions, Inc., and Buyer and User assume the risk of any such use. CONTROL SOLUTIONS, INC. MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

To the extent consistent with applicable law, IT IS CONTROL SOLUTIONS INC., AND SELLERS INTENTION THAT in no event shall Control Solutions or Seller be liable for any incidental, consequential or special damages resulting from the use or handling of this product. **THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF CONTROL SOLUTIONS, INC., AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES**

(INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF CONTROL SOLUTIONS, INC. OR SELLER, THE REPLACEMENT OF THE PRODUCT.

To the extent consistent with applicable law, Control Solutions, Inc. and Seller offer this product, and Buyer and User accept it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of Control Solutions, Inc.

BAIT CARTRIDGE/CANISTER UNIT LABEL FOR CSI 19-327 Fipronil DF

CSI 19-327 Fipronil DF	ACTIVE INGREDIENT: Fipronil 0.5%
NOTE: Do not remove this label	NET WT. 0.11 oz. (3 g)
Do not re-use or refill this container.	KEEP OUT OF REACH OF CHILDREN
EPA Reg. No. 53883-XXX	See Label Insert for Complete Directions and Precautions
EPA Est. No. XXXXX-XX-X	

[Above label is actual size of 0.6" x 3.5" and font is 6pt. Lot number to be ink jet printed on the container.]

Optional Marketing Claims:

- Effective and Easy to Use
- For your overall termiticide program
- Complements your [complete] termite [protection] plan/program
- Simplifies [termite] spot treatments

Precision Delivery System Applicator Claims

- Easy to operate
- Heavy Duty Design [built for years of dependable service]
- Very reliable
- Superior [Dry Flowable] Delivery
- Fast[er] Application
- [More] Precise Dry Flowable Delivery
- Consistent product placement
- [More] Consistent Dry Flowable Delivery
- Ideal for treating hard to reach areas
- Electrically non-conductive extender included
- Long-lasting battery included
- Comes complete with [insert number] product cartridges
- Place product directly/accurately in those hard to reach places
- Delivers proper dosage and prevents overapplication or inconsistent placements
- Designed to deliver precise and uniform applications
- To be used in conjunction with PDS
- Precision Delivery System {to be used on box containing the applicator and cartridges}
- Saves on time and labor
