

U.S. ENVIRONMENTAL PROTECTION AGENCY
 Office of Pesticide Programs
 Registration Division (7505P)
 1200 Pennsylvania Ave., N.W.
 Washington, D.C. 20460

EPA Reg. Number:

53883-494

Date of Issuance:

8/6/21

NOTICE OF PESTICIDE:

Registration
 Reregistration
 (under FIFRA, as amended)

Term of Issuance:

Conditional

Name of Pesticide Product:

CSI 20-376 Py + Delta AE

Name and Address of Registrant (include ZIP Code):

Haley Wade
 Control Solutions, Inc.
 5903 Genoa Red Bluff
 Pasadena, Texas 77507-1041

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the Registration Review of the above referenced product in connection with the Deltamethrin Interim Decision, and has concluded that your submission is acceptable.

This product is conditionally registered in accordance with FIFRA section 3(c)(7)(A). You must comply with the following conditions:

1. Submit and/or cite all data required for registration/reregistration/registration review of your product under FIFRA when the Agency requires all registrants of similar products to submit such data.

Signature of Approving Official:

Jacquelyn Herrick, Product Manager 03
 IVB1, Registration Division (7505P)

Date:

8/6/21

EPA Form 8570-6

2. You are required to comply with the data requirements described in the DCI identified below:
 - a. Deltamethrin GDCI-097805-899
 - b. Deltamethrin GDCI-097805-1100
 - c. Pyrethrins GDCI-069001-1290
 - d. Pyrethrins GDCI-069001-27992
 - e. Pyrethrins GDCI-069001-1850

You must comply with all of the data requirements within the established deadlines. If you have questions about the Generic DCI listed above, you may contact the Chemical Review Manager in the Pesticide Reevaluation Division: <http://iaspub.epa.gov/apex/pesticides/f?p=chemicalsearch:1>

3. The data requirements for storage stability and corrosion characteristics (Guidelines 830.6317 and 830.6320) are not satisfied. A one year study is required to satisfy these data requirements. You have 18 months from the date of registration to provide these data.
4. Make the following label changes before you release the product for shipment:
 - Revise the EPA Registration Number to read, “EPA Reg. No. 53883-494.”
5. Submit one copy of the final printed label for the record before you release the product for shipment.

Should you wish to add/retain a reference to the company’s website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product’s label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA’s Office of Enforcement and Compliance.

If you fail to satisfy these data requirements, EPA will consider appropriate regulatory action including, among other things, cancellation under FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records. Please also note that the record for this product currently contains the following CSFs:

- Basic CSF dated 10/15/2020

If you have any questions, you may contact Hester Dingle at 703-347-8860 or via email at dingle.hester@epa.gov.

ACCEPTED
 08/06/2021
 Under the Federal Insecticide, Fungicide
 and Rodenticide Act as amended, for the
 pesticide registered under
 EPA Reg. No. 53883-494

{Text in brackets and italics are notes to the label editor.}

[Text in brackets alone are optional statements or alternative statements.]

CSI 20-376 Py + Delta AE

For both indoor and outdoor uses.

ACTIVE INGREDIENT:

Pyrethrins 0.05%
 Deltamethrin 0.02%

OTHER INGREDIENTS*: 99.93%

TOTAL: 100.00%

*Contains petroleum distillate.

Contains 0.004 pounds pyrethrins per gallon and 0.002 pounds deltamethrin per gallon.

CAUTION

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.
 (If you do not understand the label, find someone to explain it to you in detail.)

[Alternate text – all or in part: See side panel(s) for First Aid, Precautionary Statements, Directions for Use and Storage and Disposal.]

FIRST AID	
IF SWALLOWED:	<ul style="list-style-type: none"> • Immediately call a poison control center or doctor. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give any liquid to the person. • Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
HOT LINE NUMBER	
Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact SafetyCall® (866) 897-8050 for emergency medical treatment information.	
NOTE TO PHYSICIAN: Contains petroleum distillate – vomiting may cause aspiration pneumonia.	

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed. Avoid contact with skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to aquatic organisms, including fish and invertebrates. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area.

This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the treatment area.

PHYSICAL AND CHEMICAL HAZARDS

Contents under pressure. This product is extremely flammable. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product in or on electrical equipment due to the possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS COMPLETELY BEFORE USE.

USE RESTRICTIONS

- **DO NOT** allow adults, children, or pets to enter the treated area until sprays have dried.
- **DO NOT** apply this product in a way that will contact adults, children or pets, either directly or through drift.
- Remove pets, birds and cover fish aquariums before spraying.
- **DO NOT** apply as a space spray.
- **DO NOT** apply when the wind speed is greater than 15 mph.
- **DO NOT** make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours).
- Rainfall within 24 hours after application may cause unintended runoff of pesticide application.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment and food preparation surfaces or wash them before use.
- **DO NOT** spray the product into fish pools, ponds, streams, or lakes. **DO NOT** apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur.
- **DO NOT** allow the product to enter any drain during or after application.
- **DO NOT** allow to enter indoor or outdoor drains.

No permita la entrada a desagües internos o externos.

- **DO NOT** apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot or crack-and-crevice treatment.
- **DO NOT** use on edible crops.
- Not for use in outdoor residential misting systems.
- Spot treatments must not exceed two square feet in size (for example, 2ft. by 1 ft or 4 ft by 0.5 ft.).

For crack and crevice treatment:

- Treat surfaces to ensure thorough coverage but avoid runoff.
- To treat insects harbored in voids and cracks-and-crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.

All outdoor spray applications must be limited to spot or crack-and-crevice treatments only, except for the following permitted uses:

1. Applications around potential exterior pest entry points into man-made structures such as doorways and windows, when limited to a band not to exceed one inch;
2. Applications to vertical surfaces (such as the side of a man-made structure) directly above impervious surfaces (e.g., driveways, sidewalks, etc.), up to 2 feet above ground level.

This product works in two ways:

1. it kills bugs [pests, insects] fast on contact; and
2. its residual action keeps on killing German Cockroaches and Houseflies for up to 12 weeks [3 months] after you spray.

SHAKE WELL BEFORE EACH USE. Hold container upright. Remove protective cap and direct spray away from face. Hold can 12-15 inches from surface being sprayed. Press button down and spray as directed. Test product in an inconspicuous area before applying. Spray until surface is slightly wet but not to the point of run-off. Over application may cause damage. Will not stain surfaces or fabrics where water alone causes no damage.

[Optional use directions]

[SHAKE WELL BEFORE USING. Gently rotate top to open and close. Hold can upright and spray from a distance of 12 to 15 inches. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.]

[For crack & crevice treatments, firmly insert extension tube into nozzle.]

For residential use including non-food areas of: *[list one or more of the following:]* apartments, atriums, attics, automobiles, basements, bathrooms, boats, cabins, campers, carports, cat sleeping quarters, clothes storage, condominiums, decks, dens, driveways, garages, gazebos, homes, kitchens, dog houses, lanais, living rooms, parlors, patios, pet sleeping areas, play rooms, porches, recreational vehicles, rooms, solariums, storage areas, sun rooms, utility rooms, verandas.

INDOORS:

Cockroaches [American and German Cockroaches] [(Including Adult and Immature Stages of Both Non-Resistant and Organophosphate and Carbamate Resistant Strains)], Ants [Carpenter, Fire, Harvester, Argentine, and Pharaoh Ants], Asian Lady Bird Beetle (Lady Bugs), Beetles, Boxelder Bugs, Centipedes, Crickets, Firebrats, Fleas, Palmetto Bugs (Waterbugs), Silverfish, Sowbugs, Spiders [Black Widow, Brown Recluse and Hobo Spiders], and Ticks: Apply as a general surface, spot or crack & crevice treatment to all non-food areas where these pests crawl and hide, especially in cracks and crevices, hidden areas around sinks and storage areas, behind baseboards, around doors and windows, behind and under refrigerators, cabinets, sinks and stoves, the underside of shelves, drawers, bookcases and similar areas. When pests are driven out, spray directly. **DO NOT** apply more than once a week.

[Roaches: Spray in cracks and crevices, around baseboards and other hiding places until wet. When driven out, spray bugs directly. Repeat treatment if re-infestation occurs, but do not apply more than once per week.]

Ants: Spray around ant trails and around doors and windows and other places where ants enter the house. Repeat [treatment] if re-infestation occurs, but do not apply more than once per week.

Carpenter Ants: For effective control, locate and treat nests and surrounding areas. Apply around doors and windows and other places where ants enter premises and where they crawl and hide. Spray into infested wood through existing openings. Repeat [treatment] after 4 weeks or if re-infestation occurs, but do not apply more than once per week.

Ticks (Including Ticks Which May transmit Lyme Disease) and Fleas ON SURFACES: Remove pet bedding and destroy or clean thoroughly. Spray pet resting quarters. **Adult Fleas** contacted by spray will

be killed. Put fresh bedding down once spray has dried. **DO NOT** spray animals directly. For best results, pets should be treated with an appropriate flea and/or tick control product registered for use on pets before allowing them to return to treated area. Spray rugs and carpets where infestations are bad. Delicate fabrics should be tested for staining in an inconspicuous area prior to use. Repeat [treatment] after 2-4 weeks or if reinfestation occurs, but do not apply more than once per week.

Spiders [Black Widow, Brown Recluse and Hobo Spiders]: Apply along and behind baseboards, to window and door frames, corners, pipes, storage localities, attics, crawl spaces. Spray spiders directly for best results.

Bedbugs: Remove and wash linens. Take bed apart and spray into all joints. Treat baseboards, moldings and floors. Apply to the interior of the frame. Allow all articles to dry before remaking bed.

Centipedes, Ground Beetles, Pillbugs, Sowbugs, Scorpions and Ticks: Apply around doors and windows, baseboards, storage areas and other places where these pests are found.

Asian Lady Bird Beetles (Lady Bugs): Spray areas where bugs crawl or are at rest, around doors, windows and areas where insects can enter the home.

[Silverfish, Crickets, Spiders, Earwigs: Apply to areas where these pests are found.]

PANTRY PESTS: **Beetles, Moths, Weevils, [Flour Beetles (Red and Confused), Grain Beetles (Rusty, Merchant and Saw-Toothed), Chocolate Moths, Indian Meal Moths, Angoumois Grain Moths, Mediterranean Flour Moths, Cigarette Beetles, Drugstore Beetles, Rice Weevils, Lesser Grain Borers, Spider Beetles, Grain Mites and Tobacco Moths]:** Treat exposed stages. Remove all food-stuffs, utensils and shelf paper from area to be treated. Discard used shelf paper and any infested foodstuffs. Apply spray to shelves and in cracks and crevices behind and under cupboards and cabinets. Allow spray to dry prior to replacement of shelf paper, food and utensils. Repeat [treatment] if re-infestation occurs, but do not apply more than once per week.

Carpet Beetles [(Black, Furniture and Varied)] and Dermestid Beetles [(Hide, Larder, Leather)]: Spray on and under edges of floor coverings, under rugs and furniture and in closets. Fabrics should be tested for staining in an inconspicuous area prior to use. Repeat [treatment] if re-infestation occurs, but do not apply more than once per week.

[Webbing] Clothes Moths: Use this product as a crack and crevice treatment in closets and other storage areas where these pests are found. This will not control moth larvae already on clothes. Do not apply to clothing. Repeat [treatment] if re-infestation occurs, but do not apply more than once per week.

OUTDOORS:

Point nozzle away from face. Hold can on a slight downward angle, approximately 12-15 inches from surface to be sprayed. For best results, spray when air is calm. Spray with wind if breeze is blowing. **DO NOT** apply more than once a week.

PESTS ON OUTSIDE SURFACES: To control infestations of outdoor pests such as **Ants, Cockroaches, Ticks and Spiders**, spray foundation of building where these insects [pests, bugs] are active and may find entrance up to a height of 2 feet. Apply as a residual spray to outside surfaces of buildings where insects tend to congregate. Spray areas include screens, window frames, eaves, picnic areas, and refuse dumps. Repeat treatment weekly if necessary, but do not apply more than once per week.

CRAWLING INSECTS: **Ants [(Including Fire, Pharaoh, Carpenter, Argentine, Harvester Ants)], [American and German] Cockroaches, Centipedes, Scorpions, Crickets, Palmetto/Waterbugs, Spiders [Including Black Widow, Brown Recluse and Hobo Spiders] Asian Lady Bird Beetles (Lady Bugs), Sowbugs, Earwigs, Boxelder Bugs and Beetles.** Spray insects [bugs, pests] directly. **DO NOT** apply more than once a week.

Ticks (Including Lone Star Ticks, Deer Ticks (which may transmit Lyme disease), Black Legged Ticks): Spray areas where these pests are found.

Ants [(Including Carpenter, Harvester, Pharaoh, Argentine, and Fire Ants)]: Spray around ant trails and hills. Spray around nests hidden under steps. Break apart accessible nests and spray on and around debris. Spray ants directly whenever possible. Repeat if ants return, but do not apply more than once per week.

[Ants: Spray ant trails and hills. If nest can be located, spray surface of nest until wet.]

Asian Lady Bird Beetles (Lady Bugs): Spray areas where pests are found. If spraying outside walls of homes, especially vinyl or aluminum siding, test a small area first for possible staining.

Wasps, Hornets and Bees: Spray individuals directly and vacate area. **DO NOT** treat whole nests with this product.

FLYING INSECTS: House/flies, Gnats, Mosquitoes and Moths: Use only on outdoor surfaces. Spray outside surfaces of windows, window and door frames, screens. Also spray localized resting areas: eaves, surfaces around light fixtures and cords, railings. Insects coming to rest on treated surfaces will be killed. Retreat weekly or when insects return, but do not apply more than once per week.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

PESTICIDE STORAGE: Store in a cool, dry area away from [inaccessible to] children and pets and away from heat, sparks and open flame. [Protect from freezing.] [Do not freeze.] [Do not transport or store below 32°F.]

PESTICIDE DISPOSAL: Do Not Puncture or Incinerate! If empty: Place in trash or offer for recycling if available. [This container may be recycled in aerosol recycling centers. At present, there are only a few such centers in the country. Before offering for recycling, empty the can by using the product according to the label.] If partly filled: Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for disposal instructions.

NOTICE: Read the entire Directions for Use and Conditions of Sale and Limitation of Warranty and Liability before buying or using this product. If the terms are not acceptable, return the product at once, unopened, and the purchase price will be refunded.

WARRANTY STATEMENT

The Directions for Use of this product must be followed carefully. It is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as manner of use or application, weather, presence of other materials or other influencing factors in the use of the product, which are beyond the control of Control Solutions, Inc. or Seller. All such risks shall be assumed by Buyer and User, and Buyer and User agree to hold Control Solutions, Inc. and Seller harmless for any claims relating to such factors.

To the extent consistent with applicable law, Control Solutions, Inc. warrants that this product conforms to the chemical description on the label and is reasonably fit for the purposes stated in the Directions for Use, subject to the inherent risks referred to above, when used in accordance with directions under normal use conditions. This warranty does not extend to the use of this product contrary to label instructions, or under abnormal conditions or under conditions not reasonably foreseeable to or beyond the control of Seller or Control Solutions, Inc., and Buyer and User assume the risk of any such use. CONTROL SOLUTIONS, INC. MAKES NO WARRANTIES OF MERCHANTABILITY OR OF FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.

To the extent consistent with applicable law, IT IS **CONTROL SOLUTIONS INC., AND SELLERS INTENTION THAT** in no event shall Control Solutions or Seller be liable for any incidental, consequential or special damages resulting from the use or handling of this product. **THE EXCLUSIVE REMEDY OF THE USER OR BUYER, AND THE EXCLUSIVE LIABILITY OF CONTROL SOLUTIONS, INC., AND SELLER FOR ANY AND ALL CLAIMS, LOSSES, INJURIES OR DAMAGES (INCLUDING CLAIMS BASED ON BREACH OF WARRANTY, CONTRACT, NEGLIGENCE, TORT, STRICT LIABILITY OR OTHERWISE) RESULTING FROM THE USE OR HANDLING OF THIS PRODUCT, SHALL BE THE RETURN OF THE PURCHASE PRICE OF THE PRODUCT OR, AT THE ELECTION OF CONTROL SOLUTIONS, INC. OR SELLER, THE REPLACEMENT OF THE PRODUCT.**

To the extent consistent with applicable law, Control Solutions, Inc. and Seller offer this product, and Buyer and User accept it, subject to the foregoing Conditions of Sale and Limitation of Warranty and Liability, which may not be modified except by written agreement signed by a duly authorized representative of Control Solutions, Inc.

Optional Marketing Claims:

- For Residential Use
- For Indoor/Outdoor Use
- Contains Deltamethrin and Pyrethrins
- Contains Pyrethrins, a Botanical Insecticide
- Contains Pyrethrins combined with Deltamethrin to give rapid [flush-out and] knockdown with extended killing power
- Pyrethrins rapidly [expels] [flushes out] and knocks down bugs [roaches] [insects] from cracks and crevices [their hiding places]
- Pyrethrins insecticide is made from [chrysanthemum] flower
- Water-Based Formula
- Water-Based - Shake Before Use
- Fast Knockdown Formula
- Kills Carbamate And Organophosphate Resistant Cockroaches
- Kills Fleas - Roaches - Ants - Spiders
- Kills Ticks (including Lone Star Tick, Deer Ticks, Black Legged Ticks)
- Kills Ticks (including ticks which may transmit Lyme disease)
- Kills by Contact
- Kills Hidden Bugs
- Kills Bugs You See and Even the Ones You Don't See
- Broad Spectrum Insect Control
- Kills Ants, Beetles, Cockroaches, Fleas, Flies, Mosquitoes, Scorpions, Spiders & Ticks/
- Highly effective against labeled pests in and around homes, recreational vehicles, cabins, tents and other recreational structures
- Non-Staining
- No Greasy Residue
- No Oily Residue - No Unpleasant Odor
- Won't Stain Carpets And Floors
- Protects Against [Controls] German Cockroaches And Houseflies For Up To 12 Weeks [3 Months]
- Keeps On Killing German Cockroaches And Houseflies For Up To 12 Weeks [3 Months]
- Kills Spiders [Black Widow, Hobo and Brown Recluse Spiders]
- Keeps On Killing [Controls] Carpenter Ants for Up to 4 Weeks [1 month]
- Kills Ants [Red Imported Fire Ants, Harvester Ants, Pharaoh Ants and Carpenter Ants]
- Kills Cat Fleas
- Kills Asian Lady [bird] Beetles (Lady bugs)
- Kills Asian Lady Bugs [by Contact]
- Kills by Contact
- Kills Bedbugs
