Dear Dr. Todd:

Subject: Registration Amendment
Zebra Mosquito Coil
EPA File Symbol 54045-1
Submissions of April 3, 1995 and May 30, 1995

The Agency has determined that the registration amendments referred to above are acceptable provided that the conditions articulated in this letter are met.

1. Correct the first sentence under the "Hazards to Humans and Domestic Animals" section so that it reads, "Remove pets from 'area being treated' and cover aquariums."

A stamped copy of the label is enclosed for your records. The confidential statement of formulae that Ms. Ellen Quinn telefaxed to the Agency on May 30 are acceptable. The older formulations, including those submitted in your submission of April 3, are considered obsolete. If you have questions about this matter, please contact Dan Rosenblatt of my staff at (703) 305-7001.

Sincerely,

RPK
