NAME AND ADDRESS OF REGISTRANT (Include ZIP code) <div style="text-align: right;">7 5410727 $\frac{160}{18}$</div> <div style="text-align: right;">2-26-92</div> R Value/West 150 N. Santa Anita Ave. Suite 300 Arcadia, CA 91006-3113 <div style="text-align: right;">J</div>		
NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.</p> <p>A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.</p> <p>Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p>		
<p>Based on your response to the General Registration Standard Guidance for the Registration and Reregistration of End-use Pesticide Products Containing the Insecticidal Uses of Boric Acid, issued November, 1985 and revised March, 1986 EPA has registered the product listed above.</p>		
<p>This registration is granted under the authority of section 3 (c)(7) of the Federal Insecticide, fungicide and Rodenticide Act (FIFRA) as amended.</p>		
<p>Make the following labeling change before you release the product for shipment:</p>		
<p>1. Add the phrase, "EPA registration No. 54089-20203" to your label.</p>		
<input type="checkbox"/> ATTACHMENT IS APPLICABLE		
SIGNATURE OF APPROVING OFFICIAL		DATE FEB 22 1992

284

As you are aware, as part of your response to the Guidance Document, you submitted a Statement of "Certification for General Registration for Boric Acid Products" in which you certified that your product meets the criteria for registration under this Standard. Failure to comply with this certification may result in the Agency's issuance of a Notice of Intent to Cancel the Registration under FIFRA sec. 6 (b) (1)

Sincerely yours,

Robert A. Forrest
Product Manager (14)

1/ The term Orthoboric Acid may be substituted.

This product may be used in homes, restaurants, and other food and feed handling establishments, markets, schools, warehouses, factories, offices, hotels, motels, hospitals, nursing homes, garages, grocery stores, apartment buildings, new construction, industrial plants, theatres, ships, boats, trains, trucks, yachts, camps, mobile homes, buses, zoos, kennels, military bases, libraries, utilities and sewers.

CRACK AND CREVICE TREATMENT

FOOD AND FEED HANDLING ESTABLISHMENT - Places other than private residences in which food or feed is held, processed, prepared or served.

FOOD AREA APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY

Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups.) Serving areas (when food is exposed and facility is in operation) also would be considered a food area.

Apply in small amounts directly into cracks and crevices using a bulbous duster or other suitable equipment capable of applying insecticide directly into cracks and crevices, in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housing and electrical switch boxes where cockroaches hide.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.
