## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

*Dust lightly but thoroughly.* Do not apply in clumps or piles. To control cockroaches, ants and silverfish, dust under and behind refrigerator, stove, sink, dishwasher, washing machine and dryer, tubs; into openings around drains, water pipes, electrical conduits; and in cracks and crevices along baseboards and corners of cabinets, and closets. Remove all lower drawers in kitchen and bathroom cabinets, bedroom dressers and chests of drawers, then dust liberally in drawer wells.

Reapply as necessary. Any powder visible after application must be brushed into cracks and crevices or removed. Apply only in areas inaccessible to children and pets. Avoid contamination of feed and foodstuffs.

Directions for Applying in New Construction to Control Cockroaches. When treating large areas, such as wall voids, soffit and subcabinet voids in new and existing construction, dust liberally using dusting application equipment. Use 4 lbs. per 1,000 square feet.

### CRACK AND CREVICE TREATMENT

FOOD AND FEED HANDLING ESTABLISHMENT - Places other

than private residences in which food or feed is held, processed, prepared or served. FOOD AREA APPLICATION LIMITED TO CRACK AND CREVICE TREATMENT ONLY. Includes areas for receiving, storage, packing (canning, bottling, wrapping, boxing), preparing, edible waste storage and enclosed processing systems (mills, dairies, edible oils, syrups). Serving areas (when food is exposed and facility is in operation) also would be considered a food area.

Apply in small amounts directly into cracks and crevices using a Pest Pistol bellows duster, in points between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases, conduits, motor housings and electrical switch boxes where cockroaches hide.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food processing surfaces.

APPLICATION OF THIS PRODUCT IN FOOD AREAS OF FOOD HANDLING ESTABLISHMENT, OTHER THAN AS A CRACK AND CREVICE AND VOID TREATMENT, IS NOT PERMITTED.

SERVING AREAS - Facilities where prepared foods are served, such as dining rooms, but excluding areas where food may be prepared or held.

Apply as a spot treatment to selective surfaces such as baseboards, under elements of construction into cracks and crevices. Avoid treating surfaces likely to be contacted by food. (Do not apply when facility is in operation or foods are exposed).

NON-FOOD AREAS - Includes garbage rooms, lavatories, floor drains (to sewer entries) and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Apply to baseboard areas, around water pipes, surfaces behind and beneath sinks, lockers, tables, pallets and similar areas where insects hide or through which they may enter.

### STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

STORAGE: Store in a dry place. Do not store where children or animals may gain access.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of onsite or at an approved waste disposal facility.

### CONTAINER DISPOSAL:

Completely empty into application equipment. Then dispose of empty container in a sanitary landfill.
