TERM OF ISSUANCE

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION
(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME OF PESTICIDE PRODUCT

MR-102

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

Water
P.O. Box 2121
Olathe, KS 66071

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or file all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling changes listed below before you release the product for shipment:

a. Add the phrase "EPA Registration No. 54167-2."

3. Submit five (5) copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

registered under EPA Reg. No.

54167-2

ACTIVE INGREDIENTS:

Methylene bis(thiocyanate) 10%
2-(Thiocyanomethylthio)benzothiazole 10%

INERT INGREDIENTS 80%

KEEP OUT OF REACH OF CHILDREN
DANGER

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

DANGER: Corrosive, causes irreversible eye damage and causes skin damage. Harmful or fatal if swallowed or absorbed through the skin. This product is a potential skin sensitizer. Workmen handling this product or treated material should wear impervious gloves, goggles or face shield, and protective clothing. All protective clothing, work shoes or boots, and equipment must be left at the work site at the end of the day. Eating, drinking, or smoking during use of this product is prohibited.

FIRST AID: *In case of skin contact, wash promptly and thoroughly with soap and water and finally with glycerin. If product gets in the eyes, flush immediately with copious amounts of clean, cool water for 15 to 30 minutes. Get medical attention immediately. If product is swallowed, call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious person.*

ENVIRONMENTAL HAZARDS: This pesticide is toxic to fish. Do not apply in marine and/or estuarine oil fields. Do not discharge effluent containing this active ingredient into lakes, streams, ponds, estuaries, oceans, or public waters unless this product is specifically identified and addressed in an NPDES permit. Do not discharge effluent containing this product to sewer systems without previously notifying the sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL AND CHEMICAL HAZARDS: Do not use or store near heat or open flame.

NET CONTENTS

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with these directions.

COOLING TOWERS: MB-102
Apply to wood against soft or surface rot and internal or dry rot. It is a violation of Federal law to use this product in a manner inconsistent with these directions. System should then be drained, flushed, refilled with water, and 3.7 fl. oz. of MB-102 per 1000 gal. of water continuously until desired degree of control is achieved. When system is noticeably fouled, add 1.2 to 4.0 fl. oz. MB-102 per 1000 gal. of water continuously until desired degree of control is achieved. Intermittent or Slug Method: For maintenance control, add 1.2 to 4.0 fl. oz. MB-102 per 1000 gal. of water for 4 to 8 hr. per day and 1 to 4 times per week, or as needed to maintain control.

COOLING WATER: MB-102
Apply to control sulfate-reducing bacteria, slime-forming bacteria and micellar floods, water-disposal systems, and other oil-field water control systems. It should be added to the oil as it is being transferred to the storage tank at the rate of 0.8 to 6.0 fl. oz. MB-102 per 1000 gal. of oil. Addition should be made batchwise where practical on the transfer side of the pump.

DRILLING FLUIDS: To inhibit bacterial and fungal degradation of wells, MB-102 is used at concentrations of 0.05 to 0.25% based on the total wet weight of the fluid.

PETROLEUM SECONDARY RECOVERY: MB-102
Apply to control sulfate-reducing bacteria, slime-forming bacteria and micellar floods, water-disposal systems, and other oil-field water control systems. It should be added to the oil as it is being transferred to the storage tank at the rate of 0.8 to 6.0 fl. oz. MB-102 per 1000 gal. of oil. Addition should be made batchwise where practical on the transfer side of the pump.

CRUDE AND REFINED OILS: MB-102
Apply to control sulfate-reducing bacteria, slime-forming bacteria and micellar floods, water-disposal systems, and other oil-field water control systems. It should be added to the oil as it is being transferred to the storage tank at the rate of 0.8 to 6.0 fl. oz. MB-102 per 1000 gal. of oil. Addition should be made batchwise where practical on the transfer side of the pump.

STORAGE & DISPOSAL

Do not contaminate water, food, or feed by storage or disposal. **STORAGE** Do not expose to extreme temperatures. Do not store in areas where it should be opened in well ventilated areas. Leaking or damaged drums for disposal. Spills should be absorbed in sawdust or similar material. **PESTICIDE DISPOSAL** Pesticide wastes are acutely hazardous. Do not discharge pesticide spray mixture or residue in a violation of Federal Law. For more information, contact your State Pesticide Control Agency or the Hazardous Waste representative at your EPA Regional Office. **CONTAINER DISPOSAL** Triple rinse (or equivalent). Then puncture and dispose of in a sanitary landfill, by incineration, or by other methods as directed by local, state, or federal authorities. Do not burn. Stay out of smoke.
