Subject: Elm-Fire
 Final Printed Labels
 EPA Registration No. 54428-1

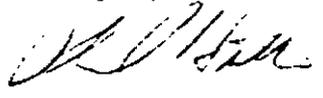

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the following comments.

At the next printing, make the following changes. Delete the word "natural" since pennyroyal is a chemical extract of plants and is not natural. Change "for a month or more" to "for a month" or submit efficacy data.

Please submit the previously requested certification of child resistant packaging.

A copy of the stamped approved label is enclosed for your records.

Sincerely,

Phil Hutton
 Product Manager (17)
 Insecticide Rodenticide Program
 Registration Division (75-3070)

STORAGE & DISPOSAL

Do not contaminate water, food or feed by storage or disposal. **STORAGE:** Store in cool, dry place away from heat and sunlight. **PRODUCT DISPOSAL:** Securely wrap original container and used bandana in several layers of newspaper and discard in trash.

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Do not open until bandana is ready for use. The bandana is intended to serve as a repellent against ticks. It is possible that some animals may be sensitive to the bandana. Observe neck area when bandana is first worn for signs of irritation or adverse reaction. If there are signs of irritation or adverse reactions, remove bandana. Do not use on cats. Do not allow children to play with this bandana. Avoid contact with skin and eyes. Wash hands after applying. Harmful if swallowed. May cause eye irritation. If irritation appears in eyes, flush with plenty of water. If irritation persists, get medical attention.

DIRECTIONS FOR USE

It is a violation of Federal law to use this bandana in a manner inconsistent with its labeling. Add three drops of the active ingredients from the bottle to the cotton seam of the bandana. Tie the bandana around dog's neck, rolling to size. To insure that the bandana is not too tight while tying, insert two fingers between bandana and dog's neck. The bandana will immediately begin to repel fleas present on animal and will help prevent fleas from reappearing. The bandana will continue this action for a month or more. When bathing dog, remove scarf and return to neck when dog is dry. The bandana may be worn with a regular collar. A 1/2 oz. bottle of blended HERBAL OIL is attached to aid in keeping the essential scent fresh. After each laundering or every 7 days, apply 2 or 3 drops of oil to ticked area of the long seam.

Bandana is made of 100% cotton with cotton batting encased in the longseam, and completely washable. The batting is permeated with natural, aromatic oil of PENNYROYAL from the attached child resistant vial. (2.2 oz. Net Wt.)

ACTIVE INGREDIENTS:	Percent
Oil of Eucalyptus	75.0%
Oil of Citronella	20.0%
Oil of Pennyroyal	10.0%

Keep Out Of Reach Of Children
CAUTION
See Back Panel for Additional Precautions
