U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

54452-7

AUG 21 2001

Term of Issuance:

Conditional

Name of Pesticide Product:

PRO-JOE-S Ant
Bait/Formula 4.5

NOTICE OF PESTICIDE:

Registration
 Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Blue Diamond Ext/Mfg. Co., Inc.
1001 Old Highway 11 W.,
Mooresburg, TN 37811

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

a. Revise the EPA Registration Number to read, "EPA Reg. No. 54452-7".

Signature of Approving Official:

Maurice Johnson PM/IB/RD

Date:

AUG 21 2001

page 2
EPA Reg. No. 54452-7

It's the Agency understanding that the "Specimen Label" will be your primary labeling.

Submit two copies of the final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely yours,

Marion J. Johnson, Jr.
Product Manager 10
Insecticide Branch
Registration Division 7505c

Specimen Label (Front Panel)

PRO-JOE -S

ANT BAIT / GEL FORMULA 4.5

EPA REGISTRATION No. : 54452-
EPA ESTABLISHMENT No. : 54452-TN-

ACCEPTED

AUG 21 2001

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 54452-7

Specimen Label (Inside panel)

PRECAUTIONARY STATEMENTS

“ HAZARDS TO HUMANS AND DOMESTIC ANIMALS “

CAUTION

“ HARMFUL IF SWALLOWED OR ABSORBED THROUGH THE SKIN. CAUSES EYE IRRITATION. AVOID CONTACT WITH SKIN, EYES, OR CLOTHING. WASH THOROUGHLY WITH SOAP AND WATER AFTER HANDLING. “

DIRECTIONS FOR USE : It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Pro- Joe-S Ant Bait may be used as a spot or crack and crevice treatment for the indoor and outdoor control of ants in and around structures.

APPLICATION RATE IS DEPENDENT ON LEVEL OF INFESTATION AND THE SPECIES OF ANTS TO BE CONTROLLED. BAIT SHOULD BE APPLIED AS SPOTS.

PLACE GEL IN AREAS OF SUSPECTED ANT ACTIVITY , NEXT TO ANT TRAILS AND NEAR ANT COLONIES .

1. **Apply gel in spots in cracks and crevices . For best results , place many spots or dabs of gel where you see ants foraging and entering the structure .**
2. **Do not apply gel to areas that have been recently sprayed with insecticide and do not spray insecticide over gel as this may cause the bait to become repellent . Do not apply gel to areas that are routinely washed , such as counter tops , as gel will be removed or diluted and spread onto the surface.**
3. **Place the bait as follows : Gel can be placed in cracks , crevices , corners and any out of the way place , such as under and behind kitchen appliances , along baseboards , under sinks , in pantry , around pipes and water heater , window and door frames , and in the garage , attic , or crawl space.**

APPLICATIONS IN FOOD / FEED HANDLING ESTABLISHMENTS . Application within food / feed areas of food/feed handling establishments is limited to CRACK AND CREVICE TREATMENT ONLY.

APPLY THE BAIT STRAIGHT FROM THE HANDY FOUR OUNCE SQUEEZE BOTTLE OR USE THE PRO-JOE BAIT GUN FOR THE THIRTY CC SYRINGE DIRECTLY INTO CRACKS AND CREVICES.

Place applicator tip into cracks and crevices and where ANTS may travel. Apply gel up to 1 gram per spot.

Apply bait in small amounts between different elements of construction , openings leading into voids and hollow spaces in floors , walls , ceilings , equipment legs and bases , around plumbing pipes , doors and windows , cabinets , sinks , stoves and other places where ants may enter the establishment .

During follow-up visits inspect bait placements and reapply when necessary.

Do not apply bait to areas where food/feed , food utensils or food/feed processing surfaces may become contaminated. Do not apply bait in cracks and crevices of areas that are routinely washed , tops of

Specimen label (inside panel) continued .

tables , food/feed preparation and prepared food/feed holding surfaces as bait may be removed by washing .

CARE SHOULD BE TAKEN TO AVOID DEPOSITING GEL ONTO EXPOSED SURFACES . IF GEL CONTACTS AN EXPOSED SURFACE , REMOVE IT AND WASH EXPOSED SURFACE.

Food/feed areas include areas for receiving , storage , packing (canning , bottling , wrapping , boxing) , preparing edible waste storage , and enclosed processing systems (mills , dairies , edible oils , syrups) . Serving areas are also considered a food area when food is exposed and facility is in operation.

Application of this product in food/feed areas of food/feed handling establishments other than as a CRACK and CREVICE treatment is not permitted.

FOR INDOOR USE : Visually inspect for ants and place gel in areas where you see ants . Likely locations for ant activity and gel placements are areas where ants enter the building structure and areas with potential water damage including : wall voids , cracks and crevices in kitchen , bathroom , under sink , window sills , screen vents , garage , attic , and crawl spaces . Do not place bait in locations that are routinely or frequently washed , as bait will be removed by washing . Do not treat food preparation surfaces . Do not use this product in or on electrical equipment where a possibility of shock hazard exists .

FOR OUTDOOR USE : Place gel outdoors into , on or adjacent to structures where you see ants , next to ant trails and suspected areas of ant activity . Likely locations for ant activity and gel placements are points of entry into structure and areas with potential water damage including : eaves , soffits , weep holes , where wires and pipes enter the structure , trees , stumps , roots , wood decks , fences , planter boxes , wood piles , landscaping , and railroad ties .

PRO-JOE-S ANT BAITs effectiveness is NOT REDUCED by exposure to extreme heat or cold , or direct sunlight . However , exposure to prolonged rain water will reduce its effectiveness .

Inspect placements and reapply as needed . PRO-JOE-S ANT BAIT will remain ATTRACTIVE to ants for as long needed until bait has been eaten away , or has been removed , or has been washed away by rain water .

Reapply in same area if bait is eaten away or gone or in a different location if no ant activity is evident .

STORAGE AND DISPOSAL

Do not contaminate water , food or feed by storage or disposal .

STORAGE : Store in a dry place . Do not store where children or animals may gain access .

PESTICIDE DISPOSAL : Wastes resulting from the use of this product may be disposed of on-site or an approved waste disposal facility .

CONTAINER DISPOSAL : Wrap used containers and place in a trash can .
