KEEP OUT OF REACH OF CHILDREN CAUTION

FIRST AID

If Swallowed: Call a physician or Poison Control Center. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. If person is unconscious, do not give anything by mouth and do not induce vomiting. If In Eyes: Flush with plenty of water. Call a physician if irritation persists. If On Skin: Wash with plenty of soap and water. Get medical attention. SYMPTOMS OF POISONING: The compound does not cause any definite symptoms that would be diagnostic. Poisoning is accompanied by hyperactivity followed by sedation. NOTE TO PHYSICIANS: No specific antidote. Treat symptomatically.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION: Harmful if swallowed, inhaled, or absorbed through the skin. Causes eye irritation. Prolonged or frequently repeated skin contact may cause allergic skin reaction in some individuals. Avoid breathing dust. Avoid contact with eyes, skin, or clothing. Wash thoroughly with soap and water after handling. Remove contaminated clothing and wash before reuse.

ENVIRONMENTAL HAZARDS

Do not apply directly to water, to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters. Apply this product only as specified on this label. This chemical demonstrates the properties and characteristics associated with chemicals detected in groundwater. The use of this chemical in areas where soils are permeable, particularly where the water table is shallow, may result in groundwater contamination. Do not make applications when weather conditions favor drift from target area.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal. Store in original container in cool, dry place out of reach of children and domestic animals. Do not reuse empty container. Securely wrap original container in several layers of newspaper and put in trash collection.

NOTICE

Seller makes no warranty, express or implied, concerning use other than indicated on label. Buyer assumes all responsibility for safety and use not in accordance with directions.

243

DIRECTIONS FOR USE

It is a violation of Federal aw to use this product in a manner inconsistent with its labeling. For homeowner use only. Read entire label and use strictly in accordance with label precautionary statements and directions.

APPLICATION: FUNGI-FIGHTER is absorbed rapidly and works systemically from within the plant. Good coverage and wetting of the foliage is necessary. Rainfall or sprinkler irrigation, within 1/2 hour after application, does not decrease effectiveness. Control may be less effective on plants suffering from drought stress. Therefore, in order to achieve maximum control, plants should be maintained in a vigorously growing state through good cultural practices.

Applications should be applied at recommended intervals to maintain disease control.

TUF	RF DISEASE CO	DNTROL
Disease	Rate* 0z./1,000 sq. ft. in 2-4 gailons of water	Remarks
Anthracnose Brown Palch/Rhizoctonia Blight Copper Spot Dollar Spot Powdery Mildew Red Thread Rusts	1-2	Preventative: Apply at 15-30 day intervals prior to appearance of the disease. Curative: Apply the higher rate when disease is apparent. Follow up with the preventative rate.
Southern Blight	1-4	
Stripe Smut	2	Apply a single application in the spring as grass growth begins.
Fusarium Blight Summer Patch	2-4	Apply in the spring 30-60 days before symptoms appear. Repeat at 30-day intervals.
Gray Snow Mold /Typhula Blight (except California) Pink Snow Mold/ Fusarium Patch (except California)	2-4	Make one application in late fall.
