UNITED STATES ENVIRONMENTAL PROTECTION AGENCY

APR - 2 2009

Lawn and Garden Products, Inc.  
c/o Ms. Lynne C. Zahigian  
Lynne Zahigian Regulatory Consulting  
P.O. Box 1566  
Fallon, NV 89407

Subject: Product: Bi-Carb Old Fashioned Fungicide  
EPA Registration No. 54705-10  
Label Amendment to revise of Residential Environmental Hazard statement per PRN 2008-1,  
Container Disposal Statement per 2008-1, revise Conditions of Sale and Warranty statement, add  
NOP and OMRI.  
Application Dated: July 24, 2008.  
Decision Number: 401388

Dear Ms. Zahigian:

The amendment referred to above, submitted in connection with registration under FIFRA section 3(c)(5), is acceptable provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA section 3(c)(5) when the Agency requires all registrants of similar products to submit such data.
2. Submit three (3) copies of your final printed labeling before you release the product for shipment. Final printed labeling means the label or labeling of the product when distributed or sold. Clearly legible reproductions or photo reductions will be accepted for unusual labels, such as those silk-screened directly onto glass or metal containers or large bags or drum labels.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(b). Your release for shipment of the product bearing the amended labeling constitutes acceptance of these conditions.

If you have any questions contact Andrew Bryceland at 703-305-6928 or by email at: [bryceland.andrew@epa.gov](mailto:bryceland.andrew@epa.gov). A stamped copy of the label is enclosed for your records.

Sincerely,

Linda A. Hollis, Chief  
Biochemical Pesticides Branch  
Biopesticides and Pollution  
Prevention Division (7511P)

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**CAUTION:** Harmful if swallowed, absorbed through skin, or inhaled. Avoid contact with skin, eyes, or clothing. Avoid breathing dust or spray mist. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse.

**Personal Protective Equipment (PPE):**

Applicators and other handler must wear:

- Long-sleeved shirt and long pants
- Chemical resistant gloves
- Shoes plus socks

Follow manufacturer's instructions for cleaning/maintaining PPE. If no such instructions for washables, use detergent and hot water. Keep and wash PPE separately from other laundry.

**User Safety Recommendations**

Users should:

- Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.
- Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
- Remove PPE immediately after handling this product. Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

**ENVIRONMENTAL HAZARDS**

Do not apply directly to water or to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not apply this product in a way that will contact workers or other persons, either directly or through drift. Only protected handlers may be in the area during application. For any requirements specific to your State or Tribe, consult the agency responsible for pesticide regulation.

**AGRICULTURAL USE REQUIREMENTS**

Use this product only in accordance with its labeling and with the Worker Protection Standard, 40 CFR Part 170. This Standard contains requirements for the protection of agricultural workers on farms, forests, nurseries and greenhouses, and handlers of agricultural pesticides. It contains requirements for training, decontamination, notification, and emergency assistance. It also contains specific instructions and exceptions pertaining to the statements on this label about personal protective equipment (PPE) and restricted-entry interval. The requirements in this box apply to uses of this product that are covered by the Worker Protection Standard.

Do not enter or allow worker entry into treated areas during the restricted-entry interval (REI) of 4 hours.

PPE required for early entry to treated areas that is permitted under the Worker Protection Standard and that involves contact with anything that has been treated, such as plants, soil, or water is:

- Coveralls
- Chemical resistant gloves
- Shoes plus socks

**NON-AGRICULTURAL USE REQUIREMENTS**

The requirements in this box apply to uses of this product that are NOT within the scope of the Worker Protection Standard for agricultural pesticides (40 CFR Part 170). The WPS applies when this product is used to produce agricultural plants on farms, forests, nurseries or greenhouses.

Keep children and domestic animals out of the treated area until sprays have dried.

**MODE OF ACTION:**

BI-CARB OLD FASHIONED FUNGICIDE is a fungicide containing microencapsulated potassium bicarbonate as the active ingredient. BI-CARB OLD FASHIONED FUNGICIDE is a contact fungicide, so direct contact with the fungus organism is required for control. BI-CARB OLD FASHIONED FUNGICIDE disrupts the potassium ion balance in the fungus cell, causing the cell walls to collapse.

**CHEMIGATION:**

Do not apply this product through any type of irrigation system.

**APPLICATION:**

Apply by ground equipment only in sufficient water [8.3 gallons per 14,520 sq. ft. (25 gallons per acre) minimum] to ensure complete and thorough coverage of foliage and/or crop. Contact of the disease organisms is essential for control. Use a non-acidifying spreader/sticker. A non-phytotoxic crop oil may also be used.

**MIXING:** Pour appropriate amount into spray tank partially filled with water. Add BI-CARB OLD FASHIONED FUNGICIDE slowly to tank while hydraulic or mechanical agitation is operating and continue filling with water. Add the spreader/sticker and/or other products last. DO NOT allow mixture to stand. Use within 24 hours as BI-CARB OLD FASHIONED FUNGICIDE may lose its activity if left in the tank.

**COMPATIBILITY:** BI-CARB OLD FASHIONED FUNGICIDE is compatible with most crop protection products and nutrients. However, do not mix it with highly acidic products as the effectiveness of BI-CARB OLD FASHIONED FUNGICIDE may be compromised. Use of a buffering agent for acidification of a mixture may also decrease the effectiveness of BI-CARB OLD FASHIONED FUNGICIDE. If compatibility is in question, use the compatibility jar test before mixing a whole tank. Because of the wide variety of possible combinations that can be encountered, observe all precautions and limitations on the label of all products used in mixtures.

**TIMING:** Begin application at first sign of disease. Repeat applications as new growth or infection occurs or as favorable disease conditions continue. Use in an Integrated Pest Management rotation program at 7-10 day intervals with other effective fungicides for resistance management. BI-CARB OLD FASHIONED FUNGICIDE may be applied up to the day before harvest (PHI = 1 day) for all labeled crops except roses, turf, ornamentals and tobacco. The PHI for roses, turf and ornamentals is 4 hours; the PHI for tobacco is 10 days. BI-CARB OLD FASHIONED FUNGICIDE may also be applied post-harvest to remaining foliage to decrease overwintering inoculum.

**USES:** For the control of powdery mildew, use BI-CARB OLD FASHIONED FUNGICIDE as indicated on the following crops. Use the higher rate when disease pressure increases or a severe infection has occurred.

| CROPS  | RATE   |
|--|--|
| Root and tuber vegetables, such as beet (garden, sugar), carrot  | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)**   |
| Bulb vegetables, such as onions (dry bulb, green), garlic, leeks, shallots   | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Leafy vegetables, such as endive, head and leaf lettuce, radicchio, spinach, Swiss chard   | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Cole crops, such as broccoli, Brussels sprouts, cabbage, cauliflower   | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Legume vegetables (succulent or dried), such as bean (snap, green), pea (edible-pod, field, green, snow)   | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Fruiting vegetables, such as eggplants, pepper (bell, chili, pimento), tomatillo, tomato   | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Cucurbits, such as cucumber, cantaloupe, casaba, honeydew melon, pumpkin, summer squash (crookneck, zucchini), winter squash (butternut, acorn), watermelon  | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Pome fruits, such as apple, pear, quince   | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Stone fruits, such as apricot, cherry, nectarine, peach, plum, prune   | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Grapes (wine, fresh market, raisin)  | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Small fruits and berries, such as blackberry, blueberry, currant, loganberry, raspberry, strawberry  | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Subtropical fruits, such as banana, date, mango, papaya, pineapple   | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Cereal grains, such as barley, wheat   | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Herbs and spices, such as basil, chives, coriander (cilantro), dill, oregano, parsley, thyme   | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Hops   | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Additional crops: mint (peppermint, spearmint), tobacco  | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)   |
| Ornamentals - field and greenhouses; such as bare root, container, bedding and flowering stock, field grown cut flowers, vegetable transplants, nursery and landscape, potted flowering, shade and flowering trees, woody ornamentals* | 1 oz - 1 lb/14,520 sq. ft. (1/3 acre)<br>or<br>1 oz - 1 lb/33 gal. water/14,520 sq. ft. hand held applications |
| Roses (field and greenhouse)   | 1 oz - 1 lb/14,520 sq. ft. (1/3 acre)<br>or<br>1 oz - 1 lb/33 gal. water/14,520 sq. ft. handheld applications  |
| Turf (golf courses and sod farms)  | 13 oz - 1 lb/14,520 sq. ft. (1/3 acre)<br>or<br>1 lb/33 gal. water/14,520 sq. ft. hand held equipment          |

**NOTES TO USER:**

\* Unintentional consequences such as plant injury may result due to certain environmental or growing conditions, manner of use of application. Because plant tolerance of pesticides varies as conditions vary, treating a few plants under conditions expected to be encountered and observing for plant damage prior to full-scale application to large numbers of plants will avoid any unintentional consequences.

\*\* 43,560 sq. ft. = 1 acre

**STORAGE AND DISPOSAL**

Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** Store in a cool, dry place inaccessible to children.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Completely empty bag into application equipment. Offer for recycling if available, or dispose of empty bag in a sanitary landfill, or by incineration or, if allowed by State and local authorities, by burning. If burned, stay out of smoke.

**CONDITIONS OF SALE AND WARRANTY**

SELLERS OFFER AND THE BUYER ACCEPTS THIS PRODUCT UNDER THE FOLLOWING AGREED CONDITIONS OF SALE AND WARRANTY.

The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to take into account all the variables and to eliminate risks associated with its use. Injury or damage may result because of conditions that are beyond the control of the Lawn and Garden Products, Inc. or the Seller. To the extent consistent with applicable law, Lawn and Garden Products, Inc. or the Seller warrants that this product conforms to the chemical description on this label and is believed to be reasonably fit for the purposes stated on this label when used in accordance with the directions on this label under conditions of normal use.

TO THE EXTENT CONSISTENT WITH APPLICABLE LAW, LAWN AND GARDEN PRODUCTS, INC. OR THE SELLER MAKE NO WARRANTIES OR MERCHANTABILITY OR FITNESS OR ANY OTHER EXPRESS OR IMPLIED WARRANTY.

To the extent consistent with applicable law, Lawn and Garden Products, Inc. or the Seller shall not be liable for consequential, special or indirect damages resulting from the handling or use of this product.

**PRECAUTIONARY STATEMENTS**

**HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION:** Harmful if swallowed, absorbed through skin, or inhaled. Avoid contact with skin, eyes, or clothing. Avoid breathing dust or spray mist. Wear long-sleeved shirt and long pants, chemical resistant gloves and shoes plus socks. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove contaminated clothing and wash clothing before reuse. Keep all persons, children and pets out of treated area until sprays have dried.

**ENVIRONMENTAL HAZARDS**

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area. Rinsing application equipment over the treated area will help avoid run off to water bodies and drainage systems.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. **READ ENTIRE LABEL BEFORE USING THIS PRODUCT.**

**MODE OF ACTION:**

BI-CARB OLD FASHIONED FUNGICIDE is a fungicide containing microencapsulated potassium bicarbonate as the active ingredient. BI-CARB OLD FASHIONED FUNGICIDE is a contact fungicide, so direct contact with the fungus organism is required for control. BI-CARB OLD FASHIONED FUNGICIDE disrupts the potassium ion balance in the fungus cell, causing the cell walls to collapse.

**APPLICATION DIRECTIONS:**

For residential use. Apply with a hand-held sprayer making sure to spray foliage thoroughly. Contact of the disease organisms is essential for control. Use a non-acidifying spreader/sticker such as Monterey - Nature's Own Spray Helper. In addition, users can also use a non-phytotoxic crop oil.

**RATE:** Mix 4 teaspoons of BI-CARB OLD FASHIONED FUNGICIDE in 2 gallons of water to thoroughly cover foliage.

**MIXING:** Fill the spray tank 1/2 full with the required amount of water; add BI-CARB OLD FASHIONED FUNGICIDE slowly; then, continue filling with balance of water. Add the spreader/sticker and/or other products last. **DO NOT** allow mixture to stand. Use within 24 hours as BI-CARB OLD FASHIONED FUNGICIDE may lose its activity if left in the tank.

**COMPATIBILITY:** BI-CARB OLD FASHIONED FUNGICIDE is compatible with most crop protection products and nutrients. However, do not mix it with highly acidic products as the effectiveness of BI-CARB OLD FASHIONED FUNGICIDE may be compromised. Use of a buffering agent for acidification of a mixture can decrease the effectiveness of BI-CARB OLD FASHIONED FUNGICIDE. If compatibility is in question, use the compatibility jar test before mixing a whole tank. Because of the wide variety of possible combinations that can be encountered, observe all precautions and limitations on the label of all products used in mixtures.

**TIMING:** Begin application at first sign of disease. Repeat applications as new growth or infection occurs or as favorable disease conditions continue. Use in an Integrated Pest Management rotation program at 7-10 day intervals with other effective fungicides for resistance management. Apply BI-CARB OLD FASHIONED FUNGICIDE up to the day before harvest for all labeled uses. For post-harvest, apply BI-CARB OLD FASHIONED FUNGICIDE to remaining foliage to decrease overwintering inoculum.

**USES:** For the control of powdery mildew, use BI-CARB OLD FASHIONED FUNGICIDE as indicated on the following:

|  |
